Indiana University,  
Bloomington, IN, USA

**Deirdre R. Dawson, PhD, OT**

Senior Scientist, Rotman  
Research Institute at Baycrest  
Baycrest Health Science,  
Toronto, ON, CANADA

This two-day introductory workshop provides an extraordinary opportunity to learn evidence-based cognitive rehabilitation strategies from leading researchers and clinicians in the field.

Based on the ACRM *Cognitive Rehabilitation Manual: Translating Evidence-Based Recommendations into Practice*, the course teaches evidence-based interventions for impairments of:

- ◆ Executive functions
- ◆ Memory
- ◆ Attention
- ◆ Hemispatial neglect
- ◆ Social communication

### WHO SHOULD ATTEND?

- ◆ This training is designed for physicians, researchers and all rehabilitation professionals and family members who care for anyone with brain injury.

### REGISTRATION FROM \$295 INCLUDES

- ◆ Two days of live training with authors and editors of the Manual
- ◆ Printed copy of the ACRM *Cognitive Rehabilitation Manual* including worksheets (\$150 value)
- ◆ Six months access to previously recorded Cognitive Rehabilitation Training (audio with slides)
- ◆ Non-members receive introductory 6-months of ACRM membership.
- ◆ CME/CEU credit in your choice of 14 disciplines

### LIMITED TIME SPECIAL:

ONLY \$295 student member, \$395 member

### REGISTER! SEATING IS LIMITED

Come for the training and stay for the  
**ACRM Conference:** [ACRMconference.org](http://ACRMconference.org)

“I feel like this training gives me a game plan and a strategy to start developing my treatment plans. I know where to start with each of my patients and I feel more confident and assured that the treatment I’m providing is evidence-based.”

— Zachary Bayer, MA, ACRM Cognitive Rehabilitation Training Attendee

“I like the examples in Dr. Cicerone’s presentation; the case studies were great. ... Dr Cicerone did great explaining why the focus of treatment should be on function of the individual.”

“It was an honor to have Dr. Cicerone present for further rationale and application of the Cognitive Rehabilitation Manual ...THANK YOU!”
