NEW to ACRM?
Welcome! We're glad you're here. Page 8 has info for how to get acquainted with ACRM and make the most of your first-time experience.

welcome

TO ATLANTA & TO ACRM!

**Douglas Katz, MD,
FACRM, FAAN, FANA,
FASNR**

ACRM President
Boston University School of
Medicine
Boston University
Neurology Associates
HealthSouth Braintree
Rehabilitation Hospital

We are thrilled you are here for the largest interdisciplinary conference in the world for rehabilitation research.

At ACRM, we are all about the research, with the goal of bringing that research — the very best and latest science into practice — faster.

WITH GRATITUDE... The breadth and depth of this event is truly extraordinary and would not be possible without the incredible Program Committee led by the innovative and tireless **Pamela Roberts** and the outstanding research of hundreds of faculty members and poster presenters.

This event is made financially possible only due to the support of our sponsors and exhibitors. Please visit them, thank them and connect with them at the **ACRM REHAB EXPO**.

EXCITING PLENARY, FEATURED SESSIONS & SPECIAL SYMPOSIA

We are honored to have presenters of the highest caliber here at ACRM. Four major **PLENARY SESSIONS** anchor each day beginning Wednesday afternoon. **SPECIAL SYMPOSIA** take place throughout the conference and two **FEATURED SESSIONS** help make for a powerfully packed final day on Saturday.

NEW TO ACRM? We have a special welcome for you. First, we hope you will wear the **#1 buttons** — to help identify you as super special. Please don't miss the *Early Career & First-Time Attendees Welcome* **Wednesday 3:00 – 4:15 PM** in room 301 - 302. I will be there & look forward to meeting you. The ACRM community group leaders will provide quick summaries about their groups and then you get the chance to mingle and meet. Check out the **ACRM Community Group Meetings Schedule** on page 16 and plan to attend — there are many opportunities to help advance rehabilitation here.

NEW THIS YEAR: Searchable Online Program & Scheduler Login and plan your itinerary. See session details, build your own schedule, even connect with and message fellow attendees and faculty. This dovetails with the **ACRM App** — available in the Apple store and Google Play. Navigate this incredible program from your laptop and your mobile devices.

MORE NOT-TO-MISS:

- **EXPANDED GRAND ROUNDS** — moderated tours of award-winning scientific posters
- **“CHAT WITH THE EXPERTS”** — series of small-group discussion and networking with leading experts on a variety of hot topics held Thursday & Friday mornings in the EXPO.
- **POSTERLAND** — so many posters, that they take up a whole floor and then some (Galleria level). Don't miss the unopposed poster viewing Thursday 3:45 - 4:45 PM.

We thank you for participating in this record-breaking event and contributing your time and talents as we engage across disciplines, institutions, international borders and diagnoses to **IMPROVE LIVES**.

Bring research into practice. **FASTER.**

All about the research...

ACRM PLENARY SPEAKERS

WED 4:30 - 6:30 PM	THU 8:15 - 9:30 AM	FRI 8:15 - 9:30 AM	SAT 2:30 - 3:15 PM
<p>PLENARY I</p>  <p>GARY R ULICNY, PHD, FACRM GRU Healthcare</p> <p><i>"Rehabilitation: Where Are We Now And Where Do We Need To Be?"</i></p>	<p>PLENARY II</p>  <p>DAVID SHURTFLEFF, PHD National Institute of Health</p> <p><i>"Integrative Medicine & Progress In Rehabilitation: People Really Matter"</i></p>	<p>PLENARY III</p>  <p>MAURIZIO CORBETTA, MD Padua Neuroscience Center</p> <p><i>"Behavioral Clusters & Brain Network Mechanisms of Impairment and Recovery"</i></p>	<p>PLENARY IV</p>  <p>JAMES H RIMMER, PHD University of Alabama at Birmingham</p> <p><i>"Pathway From Acute Rehabilitation to Lifelong Health and Wellness for People With Disabilities"</i></p>

GET THE ACRM CONFERENCE APP

Available on the iPhone **App Store** 

Put the Conference in your hands!

"CHAT with the EXPERTS"

UP-CLOSE NETWORKING & EXCHANGES at **ACRM EXPO**

Unopposed Poster Viewing with Presenter Q&A
THU 3:45 - 3:45 PM

PS: If there is something we can do to enhance your conference experience, please don't hesitate to ask. The ACRM staff and Board are here to serve you. Visit the ACRM Registration desk or the ACRM Central booth in the EXPO Hall.

HOW to NAVIGATE the CONFERENCE

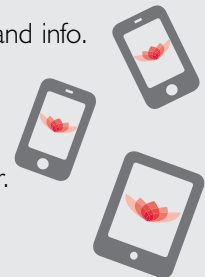

SOME PREFER APPS, SOME PREFER PAPER... ACRM has put together a hybrid approach to Conference information — making the most of paper and digital assets in hopes of helping everyone navigate to their preference. This conference program is designed as a lightweight overview to be used as a supplement to the APP, the Online Program and the PDF. Use the App and Online Program to see session descriptions, faculty information and the up-to-date room assignments.

CONFERENCE TOOLS

1) **ACRM Conference APP:** www.ACRM.org/APP

- The Conference in your hands — that is the ACRM App.
- The APP and the Online Program have the latest room assignments and info.
- Search by track, names, keywords, session ID numbers or by day.
- Create your own agenda on your device of choice.
- Save your favorite sessions, presenters, and exhibitors to look up later.

2) **ACRM Online Program** www.ACRM.org/onlineprogram

- The Online Program along with the App, have the latest room assignments and session details.
- Search by track, names, keywords, session ID numbers or by day.
- Create your own agenda on your device of choice.
- Save your favorite sessions, presenters, and exhibitors to look up later.

3) **Conference Program (this is it) PDF:** www.ACRM.org/2017program

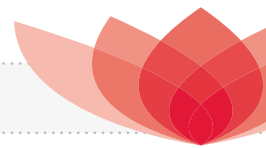

- View the conference schedule at-a-glance in this paper format.
 - Supplement with the details from the App and the Online Program.
 - Use PDF version of this brochure: www.ACRM.org/2017program.
- TIP: Save PDF to your home screen for quick reference.

PLEASE NOTE: Room locations may change at the last minute, so please consult the App and the Online Program for the up-to-date latest room assignments.

GENERAL INFORMATION

ON-SITE CHECK-IN & REGISTRATION

Visit the Registration Desk to check-in or register and receive your name badge, attendee bag, program, and any tickets purchased. The ACRM team is here to welcome and help you!

ADD PRE-CONFERENCE COURSES OR TICKETS

It's not too late! Add Cognitive Rehabilitation Training, the Early Career Development Course, ACBIS, or an Instructional Course. Tickets may also be available to attend the **Henry B. Betts Awards Dinner & Gala and Luncheon Lectures with Guest Speakers**. Inquire and purchase at the Registration Desk.

REGISTRATION DESK HOURS

MON 23 OCT

6:30 AM – 6:00 PM

TUE 24 OCT

7:00 AM – 7:00 PM

WED 25 NOV

6:30 AM – 6:30 PM

THU 26 NOV

NAME BADGE

Your badge is your ticket to entry. Badges are required for entry to all sessions and events and EXPO floor. Badge sharing, splitting and reprints are strictly prohibited.

Registration is required to attend Instructional Courses and name badges will be scanning at the door. Check with the registration counter to add on an Instructional Course. Please wear your name badge to the GALA for entry access.

WHERE ARE THE HANDOUTS?

Online access to conference slides of symposia and instructional courses (provided by presenters) is available to attendees who purchased WORLD Pass registration. Access to Conference slides may also be purchased separately at the special attendee-only price of \$199.

You can access the slides via the conference app and the online program. Your login details to access the app and the online portal have been emailed to the email address provided when you registered. You can request a new password by selecting the "Forgot Access Key" in the app or in the online program.

QUESTIONS? Visit the friendly staff at ACRM REGISTRATION DESK or at the ACRM booth in the EXPO.

RESTAURANT GUIDE

For restaurant recommendations inside and outside of the hotel complex:

www.ACRM.org/AtlEats

ERRORS & OMISSIONS

Although great team efforts have been made to ensure the accuracy of this program, we regret any typos and inadvertent omissions. Look for an addendum insert for any changes since this printing, and be sure to consult the ACRM App and the Online Program & Scheduler for all of the latest programming and room locations.

SEATING

Seating for all sessions is first-come, first-served and will be limited to the room's maximum capacity. ACRM suggests arriving early to your sessions to secure a seat.

COPYRIGHT CONSIDERATIONS

Any reproduction or distribution of conference content requires written permission of the original authors or content owners.

Produced by ACRM Publishing

PHOTO RELEASE

Registration and attendance at, or participation in, the 94th Annual ACRM Conference, *Progress in Rehabilitation Research*, constitutes an agreement by the registrant to the use and distribution (both now and in the future) of the registrant or attendee's image or voice in photographs, videotapes, electronic reproductions and audiotapes of such events and activities to illustrate and promote the conference experience.

WELCOME FIRST-TIMERS & EARLY CAREER!

FIRST-TIMERS

ICE-BREAKER BUTTONS

Use these buttons to easily spot other first-time attendees and help others find you, too! Available at the registration area, attach them to your lanyard, or pin to your name badge, lapel / jacket or to your tote bag.

“Welcome First-timers!”

<<< If this is your first time at ACRM, proudly wear this #1 button and then bask in the warmth of your new ACRM friends and community.

CONNECT!

EARLY CAREER

STICKERS

Look for the heart sticker on the name badge indicating an early Career attendee.

NEW TO ACRM? DO NOT MISS THIS!

Special event for ACRM leaders and first-timer & early career attendees

“WELCOME to ACRM!” WED 3:00 - 4:15 PM Room 301 - 302

Come to this casual “meet and greet” to hear about opportunities for networking and collaboration with ACRM Community Groups — interdisciplinary special interest and networking groups. Meet members of the ACRM Board of Governors and find out how to get involved.

Don't leave early! At the end of this reception, join your colleagues for the opening Plenary, followed immediately by the EXPO OPENING Reception for more networking and unopposed time to visit the exhibits.

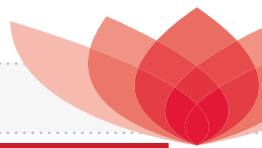

<<< Look out for **ACRM AMBASSADORS** — indicating ACRM leadership and/or long-time ACRM members. They are available to answers questions and help you make connections!

CALLING ALL ACRM MEMBERS!

While we have put a lot of work into these new initiatives for our first-timers, we still need your help as an ACRM Annual Conference veteran. The best way for you to help is simply to connect. If you see a first-timer, say hello! Introduce them to some of your contacts. Sit beside them in a plenary session. Not only will you be helping the first-timers, but you'll be building your own network and quite possibly making a great new friend.

GLOSSARY OF ACRM TERMS

PRE-CONFERENCE

MON – WED, 23 – 25 OCT 2017

The ACRM PRE-CONFERENCE program is comprised of longer instructional courses, workshops, and training to dive deep into special interest topics with continuing education credits. Pre-Conference registration is à la carte (or included with the WORLD PASS) and includes CME/CEUs.

INSTRUCTIONAL COURSES

Held before the Core ACRM Conference, Instructional Courses are either half-day (4 hours) or full-day (8 hours). Courses offer in-depth training or knowledge translation. CMEs are included. Not considered Instructional Courses and ticketed separately: these two-day brain injury courses: ACRM Cognitive Rehabilitation Training and the Academy of Certified Brain Injury Specialists (ACBIS) National Certification Program.

CORE CONFERENCE

WED – SAT, 25 – 28 OCT 2017

The ACRM CORE Conference refers to three and one half days full of evidence-based educational sessions (symposia), Plenaries, Featured Sessions, Oral Presentations, hundreds of scientific posters, a lively ACRM EXPO, dozens of ACRM community meetings, and nightly receptions.

ACRM COMMUNITY MEETINGS

These are the heart of ACRM and refer to meetings held by ACRM Interdisciplinary Special Interest Groups, Networking Groups, forming Groups, Task Forces, and ACRM committees. Dozens of meetings are held during the CORE conference — bright and early morning before the Plenaries and during lunch breaks. Most meetings are OPEN (unless otherwise noted in the schedule). All registrants are encouraged to attend and there are many volunteer positions available. This is where the work happens — to collaboratively advance the science of rehabilitation and its translation into clinical practice to IMPROVE LIVES. Don't miss these opportunities — to meet-up with colleagues who share interests, challenges, and goals, to make friends and to make a meaningful mark in the future of rehabilitation. www.ACRM.org/meetings17

CHAT WITH THE EXPERTS

“Chat with the Experts” is an exciting series designed to connect you with leading experts for specific topics. Bring your burning questions or explore new topics of interest. This all happens in the ACRM EXPO during Thursday and Friday mornings in between educational sessions.

LAUNCHPAD

Introducing LaunchPad, a rehabilitation technology innovation competition developed by the ACRM Technology Networking Group. The inaugural competition will be held on 25 October 2017 during concurrent sessions block I.

SYMPOSIUM*

Symposia are 75 minute-educational sessions, presented by professionals with expertise in the specific topic areas. More than 200 symposia sessions are held during the CORE conference within nine different blocks of concurrent sessions.

SPECIAL SYMPOSIUM*

Identified by the ACRM Program Committee **SPECIAL SYMPOSIA** refer to at least one symposium in each block of concurrent sessions that has an extra-wide appeal in a certain track or tracks.

PLENARIES

Plenary sessions are the only unopposed educational sessions — scheduled to open up each day of the CORE conference with hot topics of interest for all attendees. Faculty and topics for Plenaries I, II and III are selected and invited by the ACRM Program Committee. Plenary IV is the John Stanley Coulter lecturer Award winner.

FEATURED SESSIONS

Not quite plenaries, but no less exciting, the ACRM Program Committee created two opposed Featured Sessions offering a choice between two huge topics: (1) Federal Funding and (2) Clinical Trials.

ORAL PRESENTATION OF SCIENTIFIC PAPERS*

Oral presentations of scientific paper sessions are comprised of 4 (or 5) in one session and are grouped by topic area. Full abstracts of all scientific papers and

posters are published in the online pages of the October issue of the ACRM scientific journal, *Archives of Physical Medicine and Rehabilitation* and are fully searchable and citable at archives-pmr.org.

POSTER SESSIONS*

Hundreds of scientific posters will be on display Thursday and Friday. Full abstracts of all scientific papers and posters are published as an online supplement to the October issue of the ACRM scientific journal, *Archives of Physical Medicine and Rehabilitation* and are fully searchable and citable at archives-pmr.org. Posters for late-breaking research are scheduled to appear in the December issue.

POSTER GRAND ROUNDS

These are moderated walking tours of four selected award-winning scientific posters. Each poster author will briefly lecture about the key points of their study and answer questions.

PRODUCT THEATER

Held during program breaks, Product Theater provides the chance to learn about new products and product research from featured exhibitors. See product demonstrations and get answers you need to make informed purchasing decisions. No need to register. Just come to the ACRM EXPO Product Theater. See ACRM.org/producttheater

GALA

The HENRY B. BETTS AWARDS DINNER & GALA is held the night of Friday, 27 October. This event honors and celebrates recipients of prestigious ACRM awards, recognizing outstanding contributions to the field and service to ACRM. This favorite event combines dinner, award presentations followed by dancing.

* = Selected by the ACRM Program Committee from the Call for Proposals. For selection criteria www.ACRM.org/submit.

SCIENTIFIC PAPERS & POSTERS

ACRM Poster Sessions Supported by Craig Hospital

ELECTRONIC ACCESS

IN ARCHIVES

Full abstracts of all scientific papers and posters are published as an online supplement to the October issue of the ACRM scientific journal, *Archives of Physical Medicine and Rehabilitation* and are fully searchable and citable at archives-pmr.org. Posters for late-breaking research are scheduled to appear with the December issue.

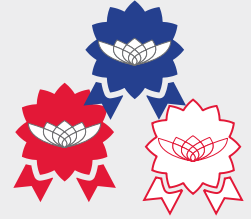

IN THE APP & ONLINE PROGRAM

Paper and poster titles and presenters are also identified in the free ACRM App. To view in the APP, tap “Posters” on the main screen.

POSTER GRAND ROUNDS

Poster Grand Rounds are moderated walking tours of selected award-winning scientific posters. Poster authors will briefly lecture about the key points of their study and answer questions. Posters are selected after this program printed. See the App/Online Program for the Posters and moderator for each session.

LOCATION: Grand Salon Foyer

I. THU 3:15 - 3:45 PM

MODERATOR: See the App/Online Program

II. FRI 1:45 PM – 2:15 PM

MODERATOR: See the App/Online Program

POSTER AWARDS

The prestige, the honor, ACRM POSTER award-winners get published & get exposure...

All posters are reviewed by the Poster Awards Committee and go through a structured review process to select the “best of the best.”

ACRM AWARDS

- » ACRM Poster 1st Place
- » ACRM Poster 2nd Place
- » ACRM Poster 3rd Place

BIG THANKS to ACRM Poster Subcommittee Chair **Yelena Goldin, PhD**, JFK Johnson Rehabilitation Institute, for her unending dedication and leadership. **MUCH GRATITUDE** also to the entire Poster Subcommittee.

ACRM SPECIAL INTEREST / NETWORKING GROUP POSTER AWARDS

- » Stroke ISIG Poster 1st Place
- » Stroke ISIG Poster 2nd Place
- » Stroke ISIG Poster 3rd Place
- » Spinal Cord Injury SIG Best Poster
- » Spinal Cord Injury SIG Early Career Poster Award
- » Measurement Networking Group Best Student Poster
- » Measurement Networking Group Best Clinical Poster
- » Measurement Networking Group Advancing Science Poster Award
- » Military & Veteran Affairs Networking Group Best Poster Award
- » Military & Veteran Affairs Networking Group Early Career Poster Award
- » BI-ISIG Girls and Women Task Force Research Poster
- » BI-ISIG Early Career Poster
- » BI-ISIG David Strauss Poster
- » International Networking Group Poster Award
- » Best Scientific Poster in Cancer Rehabilitation
- » New Investigator Poster Award in Cancer Rehabilitation
- » Best Early Career Poster in Geriatric Rehabilitation
- » Neurodegenerative Diseases NG Best Poster Award
- » Neurodegenerative Diseases NG Women & Minorities in Science Poster Award
- » Neurodegenerative Diseases NG Early Career Poster Award
- » Pediatric Rehabilitation NG Poster Award
- » Physician and Clinicians Networking Group Poster Award
- » Excellence in Complementary, Integrative Rehabilitation Medicine Poster Award
- » Early Career Submission

The lifeblood of ACRM is its family of community groups comprised of special interest and networking groups. These interdisciplinary communities advance the mission of ACRM, connect you with colleagues who share your interests and support your professional development.

Unless otherwise noted, meetings are OPEN for all attendees. In fact many groups are actively seeking leaders like you. *Please join us & be moved...*

WEDNESDAY 25 OCTOBER 		FOCUS	LOCATION
10:00 AM - 11:30 AM	BI-ISIG Girls & Women with ABI Task Force Meeting	BRAIN INJURY	Room 403
12:00 PM - 1:00 PM	BI-ISIG Cognitive Rehabilitation Task Force Meeting	BRAIN INJURY	Room 402
12:00 PM - 1:00 PM	SCI-ISIG Women's Health Task Force Meeting	SPINAL CORD INJURY	Room 401
12:00 PM - 1:30 PM	Cancer Rehabilitation Networking Group Membership Meeting	CANCER	Room 217
12:30 PM - 1:30 PM	International Networking Group Executive Committee Meeting <i>(by invitation only)</i>	INT CC	Room 224
12:30 PM - 1:30 PM	Measurement Networking Group Terminology Task Force Meeting <i>(by invitation only)</i>	MEASUREMENT	Room 222
7:00 PM	BI-ISIG Executive Committee Meeting <i>(by invitation only)</i>	BRAIN INJURY	TBD
THURSDAY 26 OCTOBER 			
7:00 AM - 8:00 AM	BI-ISIG Executive Committee & Task Force Chairs Meeting <i>(by invitation only)</i>	BRAIN INJURY	Room 211
7:00 AM - 8:00 AM	Geriatric Networking Group Meeting	GERIATRIC REHABILITATION	Room 214
7:00 AM - 8:00 AM	International Networking Group Annual Business Meeting	INTERNATIONAL CROSS-CUTTING	Room 207
7:00 AM - 8:00 AM	Military & Veterans Networking Group Meeting	MILITARY & BRAIN INJURY	Room 205
7:00 AM - 8:00 AM	Neurodegenerative Diseases Networking Group Business Meeting	NEURODEGENERATIVE DISEASES	Room 213
7:00 AM - 8:00 AM	Pediatric Rehabilitation Networking Group Business Meeting	PEDIATRIC REHABILITATION	Room 210
7:00 AM - 8:00 AM	Physicians & Clinicians Networking Group Meeting	PHYSICIANS & CLINICIANS	Room 208
7:00 AM - 8:00 AM	SCI-ISIG Fitness & Wellness Task Force Meeting	SPINAL CORD INJURY	Room 206
7:00 AM - 8:00 AM	Stroke ISIG Business Meeting	STROKE	Room 212
7:00 AM - 8:00 AM	Technology Networking Group Meeting	TECHNOLOGY	Room 209
12:00 PM - 1:30 PM	ACRM BI-ISIG (Brain Injury Interdisciplinary Special Interest Group) Summit Meeting	BRAIN INJURY	Room 302
FRIDAY 27 OCTOBER 			
7:00 AM - 8:00 AM	Arts & Neuroscience Group Meeting	ARTS & NEUROSCIENCE	Room 207
7:00 AM - 8:00 AM	BI-ISIG Communication & Prognosis after TBI Task Force Meeting	BRAIN INJURY	Room 208
7:00 AM - 8:00 AM	BI-ISIG Community-Based Treatment Task Force Meeting	BRAIN INJURY	Room 209
7:00 AM - 8:00 AM	BI-ISIG Pediatric-Adolescent TBI Task Force Meeting	BRAIN INJURY	Room 210
7:00 AM - 8:00 AM	Complementary, Integrative, Rehabilitation Medicine Networking Group Welcome Meeting	COMPLEMENTARY INTEGRATIVE	Room 211
7:00 AM - 8:00 AM	Health Policy Networking Group	HEALTH POLICY	Room 310
7:00 AM - 8:00 AM	Limb Restoration Rehabilitation Group Business Meeting	LIMB RESTORATION	Room 212
7:00 AM - 8:00 AM	Measurement Networking Group Applied Cognition Geriatric Task Force Meeting	MEASUREMENT	Room 205
7:00 AM - 8:00 AM	Measurement Networking Group Rehabilitation Measures Database Task Force Meeting	MEASUREMENT	Room 206
7:00 AM - 8:00 AM	SCI-ISIG Business Meeting	SPINAL CORD INJURY	Room 214
7:00 AM - 8:00 AM	Stroke ISIG Executive Committee & Task Force Chairs Meeting	STROKE	Room 213
7:00 AM - 8:00 AM	Stroke ISIG Movement Task Force Meeting	STROKE	Room 204
4:00 PM - 5:00 PM	BI-ISIG Chronic Brain Injury Task Force Meeting	BRAIN INJURY	Room 205
4:00 PM - 5:00 PM	BI-ISIG Cognitive Rehabilitation Task Force Systematic Review <i>(by invitation only)</i>	BRAIN INJURY	Room 209
4:00 PM - 5:00 PM	Cancer Rehabilitation — Research Task Force Meeting <i>(by invitation only)</i>	CANCER	Room 206
4:00 PM - 5:00 PM	Complementary, Integrative, Rehabilitation Medicine Group Business Task Forces Meeting	COMPLEMENTARY INTEGRATIVE	Room 211
4:00 PM - 5:00 PM	Early Career Networking Group Informational Meeting	CROSS-CUTTING	Room 214
4:00 PM - 5:00 PM	International Networking Group Service Delivery Task Force Meeting	INTERNATIONAL	Room 212
4:00 PM - 5:00 PM	Measurement Networking Group Business Meeting	MEASUREMENT	Room 204
4:00 PM - 5:00 PM	Neuroplasticity Networking Group Meeting	NEUROPLASTICITY	Room 208
4:00 PM - 5:00 PM	Pain Rehabilitation Group Meeting	PAIN	Room 210
4:00 PM - 5:00 PM	Stroke ISIG Aphasia Task Force Meeting	STROKE	Room 207
4:00 PM - 5:00 PM	Stroke ISIG Vision Task Force Meeting	STROKE	Room 213
5:15 PM - 6:00 PM	ACRM Membership Meeting — <i>All encouraged to attend!</i> Hear from ACRM President Douglas Katz, MD, FACRM, FAAN, FANA, FASNR speak about the vision of the future of ACRM and how you can be a part of it.	CROSS-CUTTING	Crystal Ballroom B&E
SATURDAY 28 OCTOBER 			
7:00 AM - 8:00 AM	ACRM Program Committee Meeting <i>(by invitation only)</i>		Room 204
7:00 PM - 8:00 AM	BI-ISIG Disorders of Consciousness Task Force Meeting	BRAIN INJURY	Room 208
4:45 PM - 7:00 PM	ACRM Board of Governors Meeting <i>(by invitation only)</i>		Room 206
SUNDAY 29 OCTOBER 			
8:00 AM - 11:00 AM	ACRM Board of Governors Meeting <i>(by invitation only)</i>	STROKE	Room 206

THANK YOU SPONSORS

This conference is made possible by the generous support of these sponsors

Sponsors as of 10 OCT 2017

CREDITS FOR 15 DISCIPLINES

up to 44 HRS

STATEMENT OF NEED AND TARGET AUDIENCE

Interprofessional exchange, interaction, and cooperation are the cornerstones of optimal patient care. Educational opportunities that promote interprofessional learning and collaboration are needed to advance clinical and scientific research and its subsequent translation to clinical practice.

The ACRM 94th Annual Conference, *Progress in Rehabilitation Research (PIRR)* provides that opportunity by bringing together both researchers and clinicians working in the various fields of rehabilitation medicine, including:

- » physiatrists
- » physicians
- » physical therapists
- » occupational therapists
- » speech-language pathologists
- » psychologists
- » rehabilitation nurses
- » case managers
- » rehabilitation counselors
- » disability specialists
- » healthcare executives
- » dietitians
- » other professionals

Interdisciplinary exchange, interaction, and cooperation are the cornerstones of optimal patient care. Educational opportunities that promote interprofessional learning and collaboration are needed to advance clinical and scientific research and its subsequent translation to clinical practice.

The Firm, Inc. in cooperation with ACRM will accredit these activities for continuing education credits for health professionals on the rehabilitation team.

LEARNING OBJECTIVES

After participating in this activity, learners will be able to:

1. List current and future research in rehabilitation medicine.
2. Discuss recent research findings and their potential impact on the clinical care of rehabilitation patients.
3. Apply evidence-based knowledge and skills to enhancing patient care.
4. Identify strengths and weaknesses in evidence-based treatment approaches to rehabilitation medicine.
5. Cite fundamental issues in ethics, cultural diversity, and evidence-based practices as applied to rehabilitation medicine.

OFFERING CME/CEUs for 15 DISCIPLINES

1) Case Manager (CCMC), **2)** Dietitians (CDR), **3)** Disability Management Specialists (CDMS Commission), **4)** Health Care Executives (ACHE), **5)** Licensed Clinical Professional Counselors (NBCC), **6)** Nurses (ANCC), **7)** Occupational Therapists (American Occupational Therapy Association, Inc.), **8)** Physical Therapists (Federated State Boards of Physical Therapy), **9)** Physicians (ACCME), **10)** Physician Assistants (ACCME), **11)** Psychologists (APA Division 22 Accreditation), **12)** Rehabilitative Counselors (CRCC), **13)** Social Workers (NASW), **14)** Speech-Language Professionals (ASHA), **15)** Federal State Board of Physical Therapists and remaining state boards.

Earn continuing education credits by participating in:

- instructional courses
- specialty workshops (excluding the Early Career Development Course)
- plenary sessions
- symposia
- award lectures
- moderated panel discussions
- lecture luncheons
- some special events as noted

ONLINE DELIVERY OF CME/CEU CERTIFICATES

- Simple submission via computer
- Credits/Hours/Units are correlated to the attended conference hours and the requirements of the specific accrediting organizations
- A single processing fee (\$150) entitles attendees to all certificates for which they qualify

Certificates will be awarded to those participants who attend the conference, pay the processing fee and complete an online session evaluation by 22 December 2017.

Credit is only given to attendees that successfully complete the entire course and evaluate the course. The maximum contact hours available is 45.5. The credit amount will vary depending on the CE approver.

ACRM Educational Conference session evaluations are electronic. After the conference you will receive an email with a link to the evaluation system. Please click on the link and begin to evaluate each session you attended. There will be separate evaluations for the Pre-Conference and the Core Conference.

After you have completed the session evaluations, an email will be automatically generated to you. In that email, you will be able to click on the link and print your certificate. Remember that the site is automatically calculating your credit. If you miss evaluating a session you attended, you will be a credit short! Also, occasionally your email invitation goes to spam, please check there if you have not

ACCREDITATION STATEMENTS

received the link to evaluate in a timely way. Please contact Kim Ruff at +1.217.753.1190 extension 155 or email kruff@firminc.com with questions.

DISCLOSURE STATEMENT

As an ACCME accredited provider, it is the policy of the Institute for Medical Studies (IMS) to require faculty participating in this activity to disclose any relationship they may have with the commercial supporters of this activity or with any other commercial organizations. The staff of IMS has no financial interest or other relationships to disclose. *All maximum approved hours are subject to change and will be finalized based on the offerings at the live meeting.

ACCREDITATION STATEMENTS

The following accreditation statements are applicable to the ACRM 94th Annual Conference.

Credit is only given to attendees who successfully complete and evaluate the entire course. After the training you will receive an email with a link to the evaluation system. Please click on the link and begin to evaluate.

After you have completed the evaluation, an email will automatically be generated to you. In that email, you will be able to click on the link and print your certificate. Contact Kim Ruff at +1.217.753.1190 extension 155 or kruff@firminc.com with questions. The evaluation system will close 30 days after the date of the workshop.

PHYSICIANS, PHYSICIAN ASSISTANTS AND CANADA PHYSICIANS

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The Institute for Medical Studies and the American Congress of Rehabilitation Medicine. The Institute for Medical Studies is accredited by the ACCME to provide continuing medical education for physicians."

The Institute for Medical Studies designates this live activity for a maximum of 45.5 AMA PRA Category 1 Credits™.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSES

FIRM, Inc. is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on accreditation.

FRIM, Inc. is awarding up to 45.5 contact hours for the successful completion of this continuing education activity.

SPEECH-LANGUAGE PATHOLOGISTS

This course is registered for 4.3 CEUs (Intermediate Level; Professional Area).

An annual ASHA CE Registry fee is required to register ASHA CEUs. ASHA CE Registry fees are paid directly to the ASHA National Office. To register CEUs with ASHA, you must complete a CE participant form, turn it in at the time of the activity, and pay the ASHA CE Registry fee. ASHA CEUs are awarded ONLY AFTER receipt of the CE Participant Form AND payment of the Registry fee.

DISABILITY MANAGEMENT SPECIALISTS

The Conference has applied to the Certification of Disability Management Specialists Commission to provide continuing education credit to Disability Management Specialists. Maximum clock hours available are 43 clock hours.

PSYCHOLOGISTS

This conference is approved for 43 hours of continuing education. APA Division 22 (Rehabilitation Psychology) is approved by the American Psychological Association to sponsor continuing education for psychologists. APA Division 22 maintains responsibility for this program and its content.

REHABILITATIVE COUNSELOR

This conference has applied to The Commission on Rehabilitation Counselor Certification (CRCC) has pre-approved this live activity for a maximum of 45.5 clock hours.

CASE MANAGER

This conference has applied to The Commission for Case Manager Certification to provide 43 continuing education credit to CCM® board certified case managers.

SOCIAL WORKERS

The Conference has applied to the National Association of Social Work for 43 Clinical Social Work continuing education contact hours.

HEALTH CARE EXECUTIVES: CATEGORY II (NON-ACHE)

American Congress of Rehabilitation Medicine is authorized to award up to 45.5 hours of pre-approved Category II (non-ACHE) continuing education credit for this program toward advancement or recertification in the American College of Healthcare Executives. Participants in this program wishing to have the continuing education hours applied toward Category II credit should indicate their attendance when submitting application to the American College of Healthcare Executives for advancement or recertification."

OCCUPATIONAL THERAPISTS

This course has been approved for up to 4.3 AOTA CEUs (no credit for Poster Session). The assignments of AOTA CEUs don't imply endorsement of specific course content, products, or clinical procedures by AOTA.

DIETICIANS

ACRM is a Continuing Professional Education (CPE) Accredited Provider with the Commission on Dietetic Registration (CDR). Registered dietitians (RDs) and dietetic technicians, registered (DTRs) will receive up to 45.5 continuing professional education units (CPEUs) for completion of this program/material.

LICENSED CLINICAL PROFESSIONAL COUNSELORS

ACRM has applied to The National Board for Certified Counselors (NBCC) to offer NBCC credit. Approval pending.

PHYSICAL THERAPISTS

ACRM has applied for 43 contact hours to the Federation of State Boards of Physical Therapy (Alaska, Arizona, Arkansas, California, Colorado, Delaware, District of Columbia, Georgia, Hawaii, Idaho, Illinois, Indiana, Kansas, Kentucky, Michigan, Mississippi, Missouri, Montana, Nebraska, North Carolina, North Dakota, Oregon, Puerto Rico, South Carolina, Tennessee, Utah, Vermont, Virginia, Wisconsin, and Wyoming) and the Physical Therapy Boards for Connecticut (New Hampshire, New York and Massachusetts), Louisiana, Maryland, Minnesota, Nevada, Pennsylvania, Texas, West Virginia.

Please be advised that your certificate may contain more credit than allowed in your state. Please see www.ACRM.org/CE for the maximum credit amount approved for your state.

PRE-CONFERENCE

SCHEDULE PRE-CONFERENCE

MONDAY 23 OCTOBER

		TOPICS	LOCATION
8:30AM - 5:30PM	Cognitive Rehabilitation Training #554552  TWO-DAY COURSE (DAY #1) Cicerone, Bergquist, Dawson, Fraas	BI CP	Crystal Ballroom BCDE
8:30AM - 5:30PM	Certification Brain Injury Training — The Official Academy of Certified Brain Injury Specialists  (ACBIS) Course #294718 TWO-DAY COURSE (DAY #1) Anders, Kolakowsky-Hayner, Nagele, Reyst	BI CP	Room 213-214

INSTRUCTIONAL COURSES

8:30AM - 12:30PM	How to Deliver the Wheelchair Skills Training Program in the Clinic and Beyond #294674 Worobey, Kirby	SCI TEC CC	Crystal Ballroom AF
8:30AM - 5:30PM	Rising Above the Stereotypes to Create a Successful Interdisciplinary Team #295192 Mitchell, Worthen-Chaudhari, Barnes, Hackney	CC	Room 209
8:30AM - 5:30PM	ICU Rehabilitation: Current State of the Evidence and Implementation Science #296024 Pastva, Nordon-Craft, Malone, Mayer	CP	Room 211
1:30PM - 5:30PM	Improving carry-over: A Practical Lab on Approaches for Translating Therapeutic Gains Into Daily Activities #282464 Gauthier, Kelly, Skidmore	CP CC TEC	Crystal Ballroom AF

TUESDAY 24 OCTOBER

8:30AM - 5:30PM	Cognitive Rehabilitation Training #554552  TWO-DAY COURSE (DAY #2) Cicerone, Bergquist, Dawson, Fraas	BI CP	Crystal Ballroom BCDE
8:30AM - 5:30PM	Certification Brain Injury Training — The Official Academy of Certified Brain Injury Specialists  (ACBIS) Course #294718 TWO-DAY COURSE (DAY #2) Anders, Kolakowsky-Hayner, Nagele, Reyst	BI CP	Room 213-214

INSTRUCTIONAL COURSES

8:30 AM - 5:30 PM	Neuropharmacology Overview: Basic Science, Clinical Use, & Future Direction #300062 Rosenthal, Ahmad, Durand Sanchez, Graf, Katz, Ivanhoe, Sheital	CP	Crystal Ballroom AF
8:30 AM - 5:30 PM	Enhancing TBI Research Baseline and Outcomes Measurement with Biomarkers and Biometrics #297087 Niemeier, Wagner, Hirsch, Newman, Kumar, Juengst, Amery	BI MES	Room 211
8:30 AM - 12:30 PM	An Introduction to Longitudinal Data Analysis PART I #294466 Kozlowski, Lohse	MES CC	Room 204
8:30 AM - 12:30 PM	Management of Neurodegenerative Disorders with Ayurveda and Yoga: Interdisciplinary Considerations #304782 Rajiv Dalal, PT, ScD, COMT, Kavita Dalal	ND CIRM	Room 205
8:30 AM - 12:30 PM	Neuromuscular stimulation to improve function in Pediatrics #293316 Stark, Martin, Meyer, Schubert	PED	Room 206
8:30 AM - 12:30 PM	Shifting Focus: Delivering Peer-led, Person-centered Support In SCI Rehabilitation, Community Settings & Online #296911 Houlihan, Sweet, Allin, Hong, Skeels Gassaway	CP SCI TEC	Room 209
8:30 AM - 12:30 PM	A Clinician's Guide to Finding and Interpreting Data to Support Your Evidence-Based Practice #297052 Sweatman, Willis	CP	Room 210
8:30 AM - 12:30 PM	Integrating outcome Measurement into Clinical Practice #289945 Roberts, Backus, Mallinson, Morrison, Alpasan, Riggs	CC MES	Room 212
1:30 PM - 5:30 PM	Applied Longitudinal Data Analysis Using R PART 2 #294384 Lohse, Kozlowski	MES	Room 204
1:30 PM - 5:30 PM	New EEG and Multimodal Tools for Communication and Rehabilitation for Users with Severe Motor Disabilities #297040 Allison, Prabhakaran, Krusienski, Freil	ND BI TEC	Room 205
1:30 PM - 5:30 PM	Integrative Management of Chronic Pain using Autonomic Self-Regulation #284670 Ginsberg, Gharbo, Berry, Berry	CIRM PAIN CP	Room 206
1:30 PM - 5:30 PM	Dynamic Neuro-Cognitive Imagery Training for Enhancing Motor Performance in People With Parkinson's Disease #309187 Abraham, Hackney	ND GER	Room 208
1:30 PM - 5:30 PM	Reducing the Likelihood of Post-Concussive Syndrome Through Effective Assessment, Education, and Treatment #294181 Penna, Kaleta	CP BI	Room 209
1:30 PM - 5:30 PM	Brief PTSD Treatment in Rehabilitation Settings Using the "Battlefield Variant" Protocol #296808 Moore, Saxon	CP MIL	Room 210
1:30 PM - 5:30 PM	Implementing a Patient/Family Driven Care Program using Goal Attainment Scaling #294693 Johnson, Lecroy, Martin, Wallace, Cwick	CC	Room 212
1:30 PM - 5:00 PM	WITHDRAWN Insights into an Integrative & Comprehensive Approach to Management of Multiple Sclerosis PART I #302250 Backus, Bender, Berry, Burdett, Cade, Loring, Melbourne, Schauder, Thrower, Walker	ND CP	Room 309-310
6:00 PM - 8:00 PM	Shepherd Center Tour & Reception #555829 Open house reception with repeating tours. Free for registered ACRM attendees — no additional cost. Limited space! Sign-up/registration is required. See reg desk. Transportation on your own.		Shepherd Center

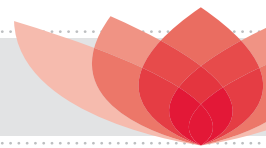

Shepherd Center
2020 Peachtree Road, NW
Atlanta, GA 30309-1465

PRE-CONFERENCE

WEDNESDAY 25 OCTOBER

Early Career Development Course supported by Department of Rehabilitation Medicine at the Icahn School of Medicine at Mount Sinai

		TOPICS	LOCATION
7:00 AM - 8:00 AM	Chairs Council Meeting (by invitation only) #552257	✉	Room 311
8:00 AM - 12:00 PM	Archive Editorial Board Meeting (by invitation only) #554558	✉	Room 406-407
8:00 AM - 3:00 PM	Early Career Development Course (ECDC): Successful Interdisciplinary Research in Academics and Industry #297424 Wirth, Pape, Bates, Howard, Selbie, Kolakowsky-Hayner, Ehsanian, Nitkin, Wingo, Brannon, Hoffman, Herrold, Karmarker, Estes, Iddings, Pappadis, Peterson, Miller	CC	Room 301-305

INSTRUCTIONAL COURSES

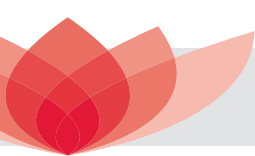

8:00 AM - 2:30 PM	WITHDRAWN Insights into an Integrative and Comprehensive Approach to Management of Multiple Sclerosis - PART 2 #302250 Backus, Bender, Berry, Buckle, Burdett, Cade, Julie, Loring, Melbourn, Schaudé, Thrower, Walker	ND CP	Room 309-310
8:30 AM - 12:30 PM	Management of Children With Upper and Lower Extremity Limb Deficiencies: Congenital and Acquired #297160 Schmitz, Fabregas, Olszewski, Flanagan, Peljovich, Coulter, Joshua, Giavedoni	LL	Room 204
8:30 AM - 12:30 PM	Stimulating Neurorecovery Using Transcranial Direct Current Stimulation #297321 Peters, Bockbrader, Gauthier, Page	NP	Room 205
8:30 AM - 12:30 PM	Objective Assessment of Gait Function in People Living with Neurodegenerative Conditions Using Mobile Technology #281574 Hirsch, Newman, Hebert, van Wegen, Peindl, Carollo, Patricia	ND TEC CIRM	Room 206
8:30 AM - 12:30 PM	Programmatic Development: An Instructional Course And Workshop For Rehabilitation Clinicians and Physicians #284339 Dennison, Kurowski, Johnson, MacDonell, Kidwell	CP	Room 209
8:30 AM - 12:30 PM	Concussion: Managing Recovery Inertia in Complex Phenotypes: A Case Study Model #288985 Flanagan, Langenbahn, Pagnotta, Palazzo, Reilly, Rizzo, Mackenzie, Singer, Sproul, Waskiewicz, Martori	BI	Room 210
8:30 AM - 12:30 PM	Optimizing Transitions of Care in Stroke Rehabilitation, From Day One to Community Reintegration #293537 Chappuis, Flinn, Trammell, Henly, Woolsey, Shablott, Marlene, Patterson	ST CP	Room 211
8:30 AM - 12:30 PM	How to: Administering the Kessler Foundation Neglect Assessment Process and Prism Adaptation Treatment Protocols #285180 Chen, Hreha, Walloga, Noce	ST CP	Room 212
8:30 AM - 12:30 PM	Evaluating Evidence for Use in Everyday Practice #297352 Seel, Gronseth, Dijkers	CP	Room 213
8:30 AM - 12:30 PM	Beyond Acute Care; Promoting Self-Management and Empowering Clients to Live a Fuller Life #295894 Rowe, Langan, Neville, Osborne, Levack, Dean	CP	Room 214
8:30 AM - 12:30 PM	The NIH Toolbox: State of the Art Outcome Measures for Rehabilitation Practice and Research #300300 Nowinski, Gershon, Tulsky, Heinemann, Slotkin	CC MES	Room 306
8:30 AM - 12:30 PM	Adapted Tango Instruction for Older Adults and People With Movement Disorders: Fundamentals #290429 Hackney	AN ND CIRM	Room 308
8:30 AM - 12:30 PM	How Peers Can Be Integrated Into Rehabilitation Care Provision: Learn From a Peer Support Team #288094 Gassaway, Hong, Anziano, DeVault, Bradley, Ulicny, Shanna, Roane	SCI CP	Room 309
8:30 AM - 12:30 PM	Improving recognition and treatment of sleep apnea in the rehabilitation setting to improve outcome #297047 Nakase-Richardson, Schwartz, Calero, Modarres, Bell, Hays	CC BI MIL	Room 310
8:30 AM - 12:30 PM	Contemporary Applications of Biofeedback for Patients: Mind-body Approaches to Rehabilitation #294965 Kim, Lehrer, Andrasik, Wolf, Genthe, Heyn This course supported by Thought Technologies, Ltd. This course includes a boxed lunch	CIRM BI ST	Room 404

SCHEDULE CORE DAY #1

WEDNESDAY 25 OCTOBER

TOPICS	LOCATION
--------	----------

1:30 PM - 2:45 PM		CONCURRENT SESSIONS BLOCK I	
1:30 PM - 2:45 PM	LAUNCH PAD: A Rehab Tech Innovation Competition #334306	TEC	Crystal Ballroom CD
	A Multimodal Tongue Drive System Maysam Ghovanloo, PhD, Georgia Institute of Technology	TEC	Crystal Ballroom CD
	Spinal Reflex Conditioning Amir Eftekhari, PhD, National Center for Adaptive Neurotechnology	TEC	Crystal Ballroom CD
	Intelligent game-based rehabilitation Lynne Gauthier, PhD, Ohio State University	TEC	Crystal Ballroom CD
	NeuroLife Stroke Rehabilitation Platform Gaurav Sharma, PhD, Battelle Memorial Institute	TEC	Crystal Ballroom CD
	Patient Portal to Facilitate Independence in Transitions to Home Communities Christine Willis, Shepherd Center; Julie Gassaway, Shepherd Center; Andrea Elmquist, Craig Hospital	TEC	Crystal Ballroom CD
	Physical Therapy is More Effective With Realtime Feedback Using the Wireless Wearable Flexdot Sensor System Maria Schneider	TEC	Crystal Ballroom CD
1:30 PM - 2:45 PM	Rehabilitation with Music: What is Known and How We Collaborate As NMTs #294343 Seu, Wegener, Howland	AN BI CIRM	Room 403
1:30 PM - 2:45 PM	Traumatic Brain Injury as a Chronic Health Condition: Long-Term Functional Change and Associated Comorbidities #302021 Hart, Dams-O'Connor, Nakase-Richardson, Ketchum, Corrigan	BI MIL	Grand Ballroom
1:30 PM - 2:45 PM	Spinal Cord Injury Patient Reported Outcomes: Transition From Research to Practice #295759 Kisala, Tulskey, Heinemann, Noonan, Strasser	SCI MES CP	Crystal Ballroom BE
1:30 PM - 2:45 PM	Using Technology to Empower Home Practice of Rehabilitation: Clinician and Client Perspectives #304544 Dubas, Poskanzer, Ivy, Gross	ST TEC BI	Room 210
1:30 PM - 2:45 PM	Cancer Care Competencies Across the Rehabilitation Disciplines #294072 Christensen Holz, Braveman, VanHoose	CAN CP	Room 204
1:30 PM - 2:45 PM	The Feasibility of Providing Occupational Therapy via Telehealth in a Breast Cancer Recovery Program #317946 Hayter, Hite	TEC CAN	Room 205
1:30 PM - 2:45 PM	Motor and Neurobehavioral Rehabilitation Approaches in Amyotrophic Lateral Sclerosis #295848 York, Sanjak	ND	Room 206
1:30 PM - 2:45 PM	Evidence for the use of Brain Gaming in Older Adults with Cognitive Impairment #294645 Kletzel, Sood, Hu, Negm, Krishnan, Heyn	MES ND GER	Room 207
1:30 PM - 2:45 PM	Rehabilitation After Upper Limb Amputation: Advantages and Pitfalls of Technology in Functional Rehabilitation #292880 Wheaton, Bongers	LL TEC NP	Room 208
1:30 PM - 2:45 PM	Motor-Intentional Neglect and an Introduction to the Movement and Mobility Scale #292996 Chen, Hreha, Barrett, Ward	ST CP MES	Room 209
1:30 PM - 2:45 PM	A Systematic Approach to Behavioral Management on an Interdisciplinary Treatment Team #297435 Wertheimer, Gottuso, Erich, Psy.D., Moniz	BI	Room 211
1:30 PM - 2:45 PM	Understanding Concussion in Children #296678 Haarbauer-Krupa, Arbogast, DePadilla, Master	BI CP	Room 212
1:30 PM - 2:45 PM	Women With Disabilities and Pelvic Health: Overcoming Barriers to Health Education Using a Webinar Series #297360 Taylor, Fletcher, Beers, Nosek	SCI	Room 213
1:30 PM - 2:45 PM	BCI Based Motor Rehabilitation For Upper And Lower Extremities After Stroke with Neurofeedback #327985 Guger, Dimov	ST NP TEC	Room 214
1:30 PM - 2:45 PM	Acupuncture and Integrative Medicine Research and Implementation in Different Rehabilitation Settings #296236 Siminovich-Blok, Sumida, Karpatkin, Tramontana, Kim	CIRM PED	Room 306
1:30 PM - 2:45 PM	Multidisciplinary Approaches to Exercise Therapy in the Prevention of Late-Life Disability #294444 Serra, Nocera, Buford, McGregor	GER	Room 307
1:30 PM - 2:45 PM	Perinatal Arterial Ischemic Stroke/Hypoxic Injury Clinical Overview/Etiology, Management and Outcome #283576 Felling, Koterba, Houtrow, Dean, O'Shea	PED ST NP	Room 308
1:30 PM - 2:45 PM	Cochrane Rehabilitation: Building a Bridge Between Research Evidence and Clinical Practice #304312 Levack, Cicerone	CP BI INT	Room 311
1:30 PM - 2:45 PM	Managing Edema in Persons With Neurological Impairments Utilizing Techniques to Treat Lymphedema #302937 Hammad, Beninga	CC CP	Room 401
1:30 PM - 2:45 PM	Striving to Work and Overcoming Employment Barriers Among Persons with Disabilities #300578 O'Neill, Fyffe, Sundar, Lequerica	CC	Room 402
1:30 PM - 2:45 PM	Conducting Patient Engaged Research: Lessons Learned in the VA #296075 Adamson, Besterman-Dahan, Downs, Cotner	CP MIL BI	Room 404
1:30 PM - 2:45 PM	Sex and Neurorehabilitation, Time for More Evidence and Practical Action for our Patient #297006 Vuagnat, Hu, Zasler	CP INT	Room 405
1:30 PM - 2:45 PM	OP-ENS — A Peer Support Intervention to Promote Healthcare Access for People With Disabilities #300494 Magasi, Green, VanPuymbrouck, Papadimitriou	CP CC	Room 406
1:30 PM - 2:45 PM	Functional Plasticity in Neurorehabilitation of Stroke Survivors: Findings and Clinical Implications #289922 Wolf, Gauthier, Borich	NP ST	Crystal Ballroom AF

CORE CONFERENCE THU

THURSDAY 26 OCTOBER

12:15 PM - 1:00 PM ***PRODUCT THEATER*** RESTORATIVE THERAPIES, INC. #570595
 Restorative Therapies, Inc. will introduce the Xcite FES Clinical Station, a versatile and easy-to-use portable FES therapy system for neuromuscular re-education.
 Xcite is a stand-alone FES system that delivers patterned stimulation to upper extremity, lower extremity, and core muscle groups via up to 12 stimulation channels. The pre-programmed therapy libraries are designed to support patients in performing complex movements and functional task-specific therapies for neuro re-education. The FES therapy is easily integrated into conventional physical/occupational therapy programs to enhance patient outcomes.
 Xcite is a versatile breakthrough FES therapy system that can be used in the clinic with a wide range of patient indications or at home providing a continuum of care for ongoing rehabilitation. It is the newest FES therapy system in a growing line of FES-based medical devices from Restorative Therapies, the leader in FES Powered Systems. Visit www.restorative-therapies.com to learn more.

CORE CONFERENCE THU

CONCURRENT SESSIONS **BLOCK 4** continued...

THURSDAY 26 OCTOBER

			TOPICS	LOCATION
5:00 PM - 6:15 PM	Perspectives on Community Reintegration of Veterans and Service Members with TBI: Clinical Practice Implications #288547 Powell-Cope, Hahm, Dillahunt-Aspillaga, Lind, Sander, Melillo, Karen, Downs, Antinori		BI MIL	Room 302
5:00 PM - 6:15 PM	Perspectives on Current Innovations And Challenges In Upper Extremity Prosthetics #292707 Zhao, Andrews, Theuer, Godfrey, Uellendahl		LL	Room 308
5:00 PM - 6:15 PM	Physical Functioning Goals for Chronic Kidney Disease Patients: A Nephrology, Geriatrics and Physiatry Discussion #296055 Kutner, Park, Bowling		GER	Room 311
5:00 PM - 6:15 PM	Post-traumatic Confusional State: A Case Definition #288467 Sherer, Katz, Bodien		BI CP	Room 301
5:00 PM - 6:15 PM	Promoting Adoption of Standardized Outcome Measures Using the Rehabilitation Measures Database #290666 Ehrlich-Jones, Nitsch, Heinemann, Mallinson		MES	Room 312
5:00 PM - 6:15 PM	Reablement and Restorative Care for Older People with Functional Decline – New Paradigm or Old? #309871 Poulos, Cole, Anthony, Robson		GER INT POL	Room 313
5:00 PM - 6:15 PM	*SPECIAL SYMPOSIA* The Past, Present, and Future of Cancer Rehabilitation #571365 Michael Stubblefield , MD, Kessler Institute for Rehabilitation		CAN	Grand Ballroom
5:00 PM - 6:15 PM	*SPECIAL SYMPOSIA* Treating Fatigue And Sleep Disturbance Following Traumatic Brain Injury: #301438 Jennie Ponsford , BA, MA, PhD, Monash University		BI CP	Crystal Ballroom AF
5:00 PM - 6:15 PM	STROKE HOT TOPICS: Stroke Rehabilitation #302294 Robert Teasell, MD, FRCPC		STROKE  INTERDISCIPLINARY SPECIAL INTEREST GROUP	ST CP Crystal Ballroom CD
5:00 PM - 6:15 PM	The Clubhouse Model #304953 Burke, Berens, Johnson		BI	Room 303
5:00 PM - 6:15 PM	The Impact of Post-Hospital Stroke Rehabilitation on Disability Reduction and Quality Outcomes #300748 Horn, Lewis, Kincaid, Russell		ST CP QUAL	Room 209
5:00 PM - 6:15 PM	Translational Research on Early Brain Injury: Benefits and Limitations of Neuroplasticity #302987 Bachevalier, Raper, Wilde, Levin		NP BI	Room 306
5:00 PM - 6:15 PM	Using a Systems and Knowledge Translation Lens to Frame Clinical Recommendation Development and Implementation #297096 Eshel, Heintz		CP BI MIL	Room 405
5:00 PM - 6:15 PM	Virtual Reality Innovations: Technology Enhanced Therapy for mTBI and Common Comorbid Conditions #293379 Gore, Post, Jones, Wallace		TEC BI MIL	Room 406
5:00 PM - 6:15 PM	Women in Rehabilitation Science: Impact Lives, Foster Innovation, Cultivate Change #305989 Hirsch, Duncan, Herman, Kletzel, Heyn, York, Deborah		ND CC	Room 213
5:00 PM - 6:15 PM	Yoga: A Practice with Special Relevance for Neurological Rehabilitation #310644 Bender, Sullivan, Bethel, Tudor		CIRM CP	Room 401
6:30 PM - 8:30 PM	RECEPTION II. EXHIBITORS RECEPTION #560406 OPEN to ALL registrants. FREE and open to all registered attendees. Reconnect with old friends and meet new ones, enjoy a cocktail, and visit the largest EXPO in ACRM history, unopposed by educational sessions.			ACRM EXPO Grand Salon Ballroom
6:45 PM - 7:30 PM	*PRODUCT THEATER* "A Multidisciplinary Approach to Managing Diffuse Spasticity" By SAOL THERAPEUTICS #562187 This physician-led presentation will focus on multiple approaches to managing patients with varying degrees of spasticity. Topics to be covered include identifying the proper patient for the proper therapy and effectively working together in a multidisciplinary approach to optimize patient outcomes. A summary of the recently published four-part "Best Practices of Intrathecal Baclofen Therapy" (Neuromodulation, 2016) will be discussed, along with a brief review of patient case studies.			ACRM EXPO Grand Salon Ballroom

CORE CONFERENCE SAT

SCHEDULE CORE DAY #4

SATURDAY 28 OCTOBER

			TOPICS	LOCATION
7:00 AM - 8:00 AM	ACRM Program Committee Meeting (by invitation only) #539442		✉	Room 204
7:00 AM - 8:00 AM	BI-ISIG Disorders of Consciousness Task Force #539392	BRAIN INJURY  INTERDISCIPLINARY SPECIAL INTEREST GROUP	BI	Room 208
8:00 AM - 5:00 PM	INSTRUCTIONAL COURSE :: Let's Talk About Parkinson's: How can Speech and Language Pathologists Deliver the Best Care? #313279 Nina Browner, MD, University of North Carolina; Lori Campbell, MA, CCC-SLP, Citrus Valley Healthcare Partners; Leslie Mahler, PhD, CCC-SLP, University of Rhode Island; Jessic Huber, MA, PhD, CCC-SLP, Purdue University; Karen Hegland, PhD, CCC-SLP, University of Florida; Michelle Ciucci, PhD, CCC-SLP, University of Wisconsin; Lisa Hoffman, MA, Parkinson's Foundation		AN CP	Crystal Ballroom CD
8:00 AM - 12:00 PM	INSTRUCTIONAL COURSE :: Making Optimal Use of Music, Imagery and other Unconventional Tools: a workshop for PTS and OTs #334413 Room 301, Pamela Quinn, New York University; Christina Soriano, MFA, Wake Forest University		AN ND	Room 301
8:00 AM - 4:00 PM	INSTRUCTIONAL COURSE :: Integrating Feldenkrais® Concepts into Rehabilitation: A Systems Based Approach #300216 Teresa Miller, PT, PhD, GCFP, State University of New York		CIRM CC	Room 308
8:15 AM - 9:30 AM	*FEATURED SESSION* <i>Federal Funding</i> #334311 Learn about emerging changes in health care policy and the current funding climate in Washington that may impact your research agenda and future access to rehabilitation services. Teresa Bringer , PhD, OTR/L, CHT, Director, Clinical and Rehabilitative Medicine Research Program, US Army Medical Research and Materiel Command; Alison Cernich , PhD, Director of the National Center for Medical Rehabilitation Research (NCMRR) at the Eunice Kennedy Shriver National Institute of Child Health and Human Development, National Institutes of Health; Ann Dellinger , PhD, Chief, Home, Recreation and Transportation Safety Branch, Division of Unintentional Injury, CDC; Patricia Dorn , PhD, Director, Rehabilitation Research and Development Service, Department of Veterans Affairs; Kristi Wilson Hill , PhD, Acting Director, NIDILRR, U.S. Department of Health and Human Services/ACL/NIDILRR		CC	Crystal Ballroom AF
8:15 AM - 9:30 AM	*FEATURED SESSION* <i>What Have We Learned About Treating Brain Injuries From the Repeated Failures of TBI Clinical Trials? Is There A Path Forward?</i> #334309 Donald G. Stein , PhD, Asa G. Candler Professor, Distinguished Professor, Emory University		BI	Grand Ballroom

CONCURRENT SESSIONS BLOCK 7

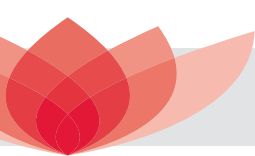

9:45 AM - 11:00 AM	Oral Presentations: Aging and Balance			Room 204
	Symptomatic Lumbar Spinal Stenosis: Neuromuscular Attributes Associated with Mobility Among Older Adults #300562 Schmidt, Ward, Suri, Kiely, Goldstein, Penscheng, Anderson		GER	Room 204
	Falls, Muscle Strength, And Functional Abilities in Community-Dwelling Elderly Women #327479 Borges, Silva, Cristina Malta, Cristina Xavier, Elka Santana Bernardes		GER CP MES	Room 204
	Clinically Meaningful Cutpoints of Leg Power in Predicting Disability, Falls, and Hospitalizations in Older Adults #313359 Ni, Ward, Bean		GER MES	Room 204
	Effects of Comorbidities on Self-Reported Outcomes From the Matter of Balance Program for Older Adults #314339 Taylor, Morosanu		GER	Room 204
9:45 AM - 11:00 AM	Oral Presentations: Spinal Cord Injury			Room 205
9:45 AM - 11:00 AM	Medication Usage Changes and All-Cause Mortality after Spinal Cord Injury #305053 Cao, Krause		SCI	Room 205
9:45 AM - 11:00 AM	Liver Adiposity And Metabolic Profile in Individuals With Chronic SCI #324207 Gorgey, Rankin, O'Brien		SCI CP	Room 205
9:45 AM - 11:00 AM	Lower Limb Orthotic Management of Paraplegia due to Spinal Cord Injury: A Clinical Practice Guideline #310479 Stevens, Bertram, Campbell		SCI CP	Room 205
9:45 AM - 11:00 AM	Cardiometabolic Markers are Associated With Body Composition but not Physical Activity in Persons With Paraplegia #314670 Nightingale, Walhin, Thompson, Bilzon		SCI	Room 205
9:45 AM - 11:00 AM	Oral Presentations: Pain			Room 206
9:45 AM - 11:00 AM	The Role Of Genetic Testing In Opioid Therapy For Chronic Pain: A Summary For Clinicians #314603 Tieppo Francio, Davani, Towery		PAIN TEC	Room 206
9:45 AM - 11:00 AM	Cognition, Sleep, Suicidality, Work and Opiate Use in Chronic Pain Patients #301860 Gold, Simmons, Huefner, Bulbulian		PAIN MES	Room 206
9:45 AM - 11:00 AM	Oral Presentations: Pediatrics			Room 207
9:45 AM - 11:00 AM	A Review On Youth Sports Specialization: How Soon Is Too Soon? #308635 Ferreira Dos Santos, Silva		PED POL	Room 207
9:45 AM - 11:00 AM	Assessment of Post-Traumatic Amnesia (PTA) in Pediatric Traumatic Brain Injury: A Review #300688 Swihart, Tlustos		PED BI CP	Room 207
9:45 AM - 11:00 AM	Pediatric Concussion Evaluation in Europe: Military Medical Providers Leading the Way #321576 Smolinski, Jorgensen-Wagers, Maxfield-Panker		PED BI MIL	Room 207

There may have been schedule and room changes since this printed. The Conference App and the Online Program & Scheduler have the latest: ACRM.org/app & ACRM.org/onlineprogram

9:45 AM - 11:00 AM	Oral Presentations: Pediatrics		Room 207
9:45 AM - 11:00 AM	A Review On Youth Sports Specialization: How Soon Is Too Soon? #308635 Ferreira Dos Santos, Silva	PED POL	Room 207
9:45 AM - 11:00 AM	Assessment of Post-Traumatic Amnesia (PTA) in Pediatric Traumatic Brain Injury: A Review #300688 Swihart, Tlustos	PED BI CP	Room 207
9:45 AM - 11:00 AM	Pediatric Concussion Evaluation in Europe: Military Medical Providers Leading the Way #321576 Smolinski, Jorgensen-Wagers, Maxfield-Panker	PED BI MIL	Room 207
9:45 AM - 11:00 AM	Oral Presentations: Measurement		Room 208
9:45 AM - 11:00 AM	Functional Outcome Trajectories After TBI in a Nationally Representative Weighted Dataset #303402 Dams-O'Connor, Ketchum	BI	Room 208
9:45 AM - 11:00 AM	An Evidence-Based Clinical Outcome Assessment Platform (EB-COP) for the Validation of TBI Assessment Measures #305210 Christoforou, Bergin, Armstrong, Robbins, Merillat, Erwin, Getchius, McCrea, Giacino	BI	Room 208
9:45 AM - 11:00 AM	Feasibility of a Telephone-Administered Cognitive Test in Individuals with Moderate-Severe TBI: A TBIMS Study #304740 Sy, Landau, Dams-O'Connor	BI	Room 208
9:45 AM - 11:00 AM	Oral Presentations: Measurement		Room 209
9:45 AM - 11:00 AM	A Latent Structural Analysis of Health Outcomes Among People Living With Spinal Cord Injury #304981 Li, Krause, DiPiro	SCI	Room 209
9:45 AM - 11:00 AM	Rasch Measurement Properties of the Pain Medication Questionnaire for Individuals with Spinal Cord Injury #305111 Hand, Velozo, Krause	MES SCI	Room 209
9:45 AM - 11:00 AM	Factor Structure of the Wheelchair Skills Test #305220 Kamaraj, Terhorst, Worobey, Hogaboom, Kirby, Boninger	MES SCI TEC	Room 209
9:45 AM - 11:00 AM	Sthdy of Therapy and Assessment on Acupuncture Habilitation for Chilren With Cerebral Palsy #290064 Liu	PED CIRM	Room 209
9:45 AM - 11:00 AM	Oral Presentations: Translation to Community		Room 210
9:45 AM - 11:00 AM	Development of the Ability Quotient (AQ): An Innovative Assessment System for Precision Rehabilitation Outcomes #309432 Chang, Bodine, Sliwa	MES CP CC	Room 210
9:45 AM - 11:00 AM	Evaluation of V-Mart, a Virtual Reality Grocery Store for TBI and PTSD #305224 Levy, Halan, Borish, Akande, Zalake, Myers, Marsiske, Miller, Benjamin	MIL BI TEC	Room 210
9:45 AM - 11:00 AM	Transfer of Robotic Therapy to Daily Activities After Stroke: Considerations for Patient- Targeted Home Programs #310601 Fasoli	ST TEC	Room 210
9:45 AM - 11:00 AM	NIDILRR ARRT Fellows Oral Presentations #334312		Room 212
9:45 AM - 11:00 AM	NIDILRR Familial Relationships and Educational Interruptions in College Students With Psychiatric Disabilities #337046 Lund, Huckabee		Room 212
9:45 AM - 11:00 AM	NIDILRR What's Going on With Auditory Comprehension After Sport-Related Concussion? #332361 Bialunska, Salvatore	BI CP	Room 212
9:45 AM - 11:00 AM	NIDILRR: Daily activity Performance Evaluation of Commercial Assistive Robotic Manipulator User Interfaces #320977 Chung, Wang, Kelleher, Ding, Cooper	TEC MES SCI	Room 212
9:45 AM - 11:00 AM	Oral Presentations: Pain		Room 213
9:45 AM - 11:00 AM	Pain Comparison Among Traumatic Injury Groups #304564 Amtmann, Gibran, Hoffman, Bombardier, McMullen, Carrougner, Johnson	PAIN	Room 213
9:45 AM - 11:00 AM	Trends in Pain Prevalence in Older Adult Americans; Findings from National Health and Aging Trends Study #305047 Sodhi, Al Snih	PAIN GER	Room 213
9:45 AM - 11:00 AM	Musculoskeletal Pain, Psychosocial Factors and Duration of Manual Wheelchair Use Following Spinal Cord Injury #304998 Euler, Finley	SCI PAIN	Room 213
9:45 AM - 11:00 AM	Oral Presentations: Cancer and Outcomes		Room 214
9:45 AM - 11:00 AM	"I Might be Able to do Everything... or not": Distress and Uncertainty Following Cancer Surgery #320206 Pergolotti, Bailliard, McCarthy, Severino, Doll	CAN CP	Room 214
9:45 AM - 11:00 AM	Fatigue and Functional Outcomes in Cancer Rehabilitation #303722 Arrigo, Wood, Brady Wagner, Fink, Garrity, Mack	CAN	Room 214
9:45 AM - 11:00 AM	Long-Term Functional Outcomes Among Childhood Cancer Survivors With Osteonecrosis #297195 DeFeo, Relling, Ness, Brinkman, Fernandez-Pineda, Neel, Srivastava, Li, Hudson,	CAN PED	Room 214
9:45 AM - 11:00 AM	Manual Therapy: Integration into a Speech and Swallowing Rehabilitation Program for Head and Neck Cancer #294440 Lewin, Woodall, Porsche, Barrow, Hutcheson	CAN	Room 214
9:45 AM - 11:00 AM	Oral Presentations: Innovations		Room 313
9:45 AM - 11:00 AM	Wearing a Myoelectric Elbow-Wrist-Hand Orthosis Reduces Upper Extremity Impairment in Chronic Stroke #305205 Peters, Page, Persch	ST TEC	Room 313
9:45 AM - 11:00 AM	TheraBracelet Sensory Stimulation To Enhance Hand Functional Recovery Post Stroke #301009 Seo, Downey, Dellenbach, Imburgia, Lauer, Ramakrishnan, Bonilha, Woodbury	ST TEC NP	Room 313
9:45 AM - 11:00 AM	Persistent Improvements In Arm Use In Stroke Survivors With Plegic Hands Following Expanded CI Therapy #305044 Uswatte, Taub, Bowman, Bryson, Morris, McKay, Barman, Mark	ST LL	Room 313
9:45 AM - 11:00 AM	Oral Presentations: Social Determinants of Health in Rehabilitation		Room 302
9:45 AM - 11:00 AM	Recent Trends in Mortality and Risk Factors Following Spinal Cord Injury 313903 Chen, DeVivo	SCI	Room 302
9:45 AM - 11:00 AM	Muscle Weakness and Functional Disability in a Nationally-Representative Sample of Ethnically Diverse Older Adults #304881 McGrath, Ottenbacher, Vincent, Kraemer, Peterson	GER CC	Room 302
9:45 AM - 11:00 AM	Obesity in Persons with Spinal Cord Injury: Racial Differences #314642 Wen, Chen	SCI	Room 302
9:45 AM - 11:00 AM	Osseointegrated Implants in Patients With Diabetes Mellitus: A Case Series #304744 Jawazneh, Lu, Al Muderis	LL	Room 302

CORE CONFERENCE SAT

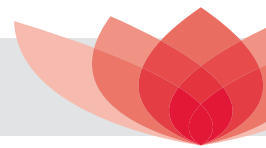

SCHEDULE CORE DAY #4

9:45 AM - 11:00 AM	Oral Presentations: Innovations		Room 303
9:45 AM - 11:00 AM	The Effect And Mechanism Of Botulinum Toxin Type A For Knee Osteoarthritis Through Ultrasound #304176 Bao, Liu, Liu, Tan, Long	GER PAIN	Room 303
9:45 AM - 11:00 AM	Ultrasound Scanning for Early Detection of Movement, Abnormal Movement and Fibrosis in Facial Palsy Patients #313871 Ibrahim, Barth, Volk	CP	Room 303
9:45 AM - 11:00 AM	Effects of Real-time Gait Biofeedback on Paretic Propulsion and Gait Biomechanics in Individuals Post-stroke #304500 Genthe, Schenck, Eicholtz, Wolf, Kesar	ST LL	Room 303
9:45 AM - 11:00 AM	Secondary Benefits of a Foot Drop Stimulator on Spasticity and Motor Control for Cerebral Palsy #310650 Androwis, Ehrenberg, Karunakaran, Bentley, Cheng, Nolan	PED BI TEC	Room 303
9:45 AM - 11:00 AM	Oral Presentations: Social Determinants of Health in Rehabilitation		Room 304
9:45 AM - 11:00 AM	Health Service Needs for Children With Disabilities on Supplemental Security Income #310443 Houtrow, Carle, Stein, Perrin	PED POL	Room 304
9:45 AM - 11:00 AM	Utilizing Patient Activation Measures to Identify High Risk Patients in Medicare Bundled Payment Models #304794 Beneciuk, Manes, Reber	QUAL	Room 304
9:45 AM - 11:00 AM	Variation in Hospital Readmission Outcomes among Inpatient Rehabilitation Facilities #305151 Coots Daras, Ingber, Deutsch, Hefele, Perloff	POL QUAL	Room 304
9:45 AM - 11:00 AM	Relationship Between Comorbidities and 1-year Outcomes Among Adults 50 Years and Older With Moderate-to-Severe TBI #304871 Kumar, Juengst, Dams-O'Connor, Dahdah, O'Neil-Pirozzi, Dikmen, Felix, Hammond, Wagner	BI	Room 304
9:45 AM - 11:00 AM	Oral Presentations: Social Determinants of Health in Rehabilitation		Room 305
9:45 AM - 11:00 AM	Interdisciplinary Approach to Developing a Care Partner Program for Enhanced Service Delivery and Communication #296228 Aversa, Tamulevicius, Blewett	CP	Room 305
9:45 AM - 11:00 AM	Assessing Quality of Care: Variation in Discharge to Community Rates in Post-Acute Care Settings #304891 Pardasaney, Ingber, Broyles, Gillen, Deutsch, Parks, Evron, Rayner, McMullen, Levitt	CC QUAL POL	Room 305
9:45 AM - 11:00 AM	A Medical Home for Individuals with Physical Disabilities: Addressing the Social Determinants of Health #303164 Flinn, Kelley	CC	Room 305
9:45 AM - 11:00 AM	Positive Affect as a Mediator of the Relationship Between Social Contact and Subjective Health #305011 Lee, Watson, Dams-O'Connor	BI	Room 305
9:45 AM - 11:00 AM	CLDR-Sponsored Young Investigators Panel: Secondary Analysis of Archived Datasets #297175 Ottenbacher	CC	Room 306
9:45 AM - 11:00 AM	Oral Presentations: Exercise		Room 307
9:45 AM - 11:00 AM	Ankle Control Differentiation as a Mechanism for Mobility Limitations #295667 James, Hausdorff, Leveille, Trivison, Bean	GER MES	Room 307
9:45 AM - 11:00 AM	Development and Testing a Physical Activity Intervention for Ambulatory Older Patients During Rehabilitation #326966 McPhail, Schippers, Marshall	GER CP CIRM	Room 307
9:45 AM - 11:00 AM	Tai Chi for Balance and Falls Incidence in Neurological Disorders: A Systematic Review and Meta-Analysis #313638 Winsler, Kannan, Krishnamurthy	ND ST BI	Room 307
9:45 AM - 11:00 AM	Movement-to-Music Program Improves Physical Function and Sleep Quality in Multiple Sclerosis: A Three-Arm RCT #304705 Young, Herman, Mehta, Vitemb, Rimmer	AN ND	Room 307
9:45 AM - 11:00 AM	Oral Presentations: Exercise		Room 309
9:45 AM - 11:00 AM	Predicting Gains From Aphasia Rehabilitation Using Measures Of Language And Cognition #310565 Johnson, Meier, Gilmore, Des Roches, Kiran	ST CP	Room 309
9:45 AM - 11:00 AM	Upper-Body Exercise Improves Indices of Physical and Psychological Functioning in Persons With Spinal Cord Injury #314467 Bilzon, Rouse, Walhin, Thompson, Nightingale	SCI	Room 309
9:45 AM - 11:00 AM	Long-Bout High-Intensity Interval Training is Feasible After a Stroke #304702 Bosch, Fritz	ST	Room 309
9:45 AM - 11:00 AM	Spinal Manipulation and Therapeutic Exercises in Treating Post-Surgical Resurgent Lumbar Radiculopathy #314615 Tieppo Francio	PAIN CIRM	Room 309
9:45 AM - 11:00 AM	Oral Presentations: Exercise		Room 310
9:45 AM - 11:00 AM	Cancer Survivors Awaiting Rehabilitation Rarely Achieve Recommended Physical Activity Guidelines #304277 Dennett, Peiris, Shields, Taylor	CAN	Room 310
9:45 AM - 11:00 AM	Rehabilitation in Dementia — What do we Have to Offer? #313646 Poulos	GER CP POL	Room 310
9:45 AM - 11:00 AM	Development and Implementation of a Theory-Based Sedentary Behavior Change Intervention for People With Stroke #293719 Ezeugwu, Manns	CP	Room 310
9:45 AM - 11:00 AM	6-month Weight Loss Results From a Healthy Lifestyle Intervention for People With TBI #303641 Driver, Reynolds, Bennett, Woolsey, Callender, Douglas, Kramer	BI	Room 310
9:45 AM - 11:00 AM	Oral Presentations: Brain Injury plus DEBORAH L WILKERSON EARLY CAREER		Room 312
9:45 AM - 11:00 AM	Coping and Adaptive Strategies of Traumatic Brain Injury Survivors and Primary Caregivers #294108 Adams, Foster	BI CP	Room 312
9:45 AM - 11:00 AM	Comparative Effectiveness of TBI Inpatient Rehabilitation Interventions: Impact of Advanced Therapy #310530 Bogner	BI	Room 312
9:45 AM - 11:00 AM	DEBORAH L WILKERSON EARLY CAREER AWARD: Proposing a Traumatic Brain Injury (TBI) Resiliency Model to guide rehabilitation research and practice #540543 Nalder	BI	Room 312
9:45 AM - 11:00 AM	Oral Presentations: Mild TBI		Room 314
9:45 AM - 11:00 AM	The Effect of Repetitive Low Level Blast Exposure on Memory #305219 Babakhanyan, Bailie, Sargent, Duckworth	MIL BI	Room 314

There may have been schedule and room changes since this printed. The Conference App and the Online Program & Scheduler have the latest: ACRM.org/app & ACRM.org/onlineprogram

Academy of Spinal Cord Injury Professionals (ASCIP) BOOTH #604

ASCIP provides SCI professionals advanced learning opportunities and networking that enhances professional interests, as well as those of their patients. ASCIP is a not for profit incorporated association comprised of 4 sections: American Paraplegia Society, Association of Spinal Cord Injury Nurses, Psychologists, Social Workers & Counselors and Therapy Leadership Council. www.academyscipro.org

APDM Wearable Technologies BOOTH #500

APDM Wearable Technologies offers the Opal - high performance, wearable, portable movement sensor for streaming real time results or continuous monitoring; Mobility Lab - the most trusted sensor based gait and balance analysis system for instant objective assessment measures; and Moveo Explorer - full body kinematic system for instant joint range of motion. www.apdm.com

Association of Academic Physiatrists (AAP) BOOTH #505

A community of leaders in physiatry, AAP's membership includes department chairs, residency and fellowship program directors, faculty physicians, researchers, in-training physiatrists, and administrators. AAP holds programs and an Annual Meeting to improve mentorship, discovery, and leadership in academic physiatry. Physiatry '18 will be held in Atlanta, Georgia, February 13-17, 2018. www.physiatry.org

Avanir Pharmaceuticals BOOTH #414

Avanir Pharmaceuticals, Inc. is a biopharmaceutical company focused on bringing innovative medicines to patients with central nervous system disorders of high unmet medical need. We are dedicated to advancing medicines that can substantially improve the lives of patients and their loved ones. For more information about Avanir, please visit www.avanir.com. www.avanir.com

Barrett Technology BOOTH #610

Meet BURT (Barrett Upper-extremity Robotic Trainer)! Barrett Technology has a 20-year history in robotics supplying universities and Fortune 100 companies with custom solutions for applications requiring robots working alongside humans. Barrett is proud to offer a new device to help facilitate upper extremity movement in rehabilitation settings. www.burt.rehab

Basic Home Infusion BOOTH #503

Basic Home Infusion is a highly specialized nation-wide home infusion company. BHI provides intrathecal pump management for those suffering from MS and/or spasticity. We are JCAHO accredited and have been providing top-end and cost-effective care since 1983. Our organization's unique business model allows for both national presence and comprehensive local coverage. www.basichomeinfusion.com

Battelle BOOTH #905

Battelle develops leading-edge technologies to aid in the recovery of nervous system injuries and address the resulting physical impairments. Working at the intersection of science and technology, we are pioneering ways to help people overcome devastating neurological damage and disorders. www.battelle.org/neurolife www.battelle.org

Brain Injury Association of America BOOTH #1000

The Brain Injury Association of America (BIAA) is the country's oldest and largest nationwide brain injury advocacy organization. Our mission is to advance awareness, research, treatment, and education and to improve the quality of life for all people affected by brain injury. www.biausa.org

Bright Cloud International

Bright Cloud International Corp BOOTH #208

BrightBrainer Rehabilitation System is an upper extremity, mobile exercising platform. It provides bi-manual, intensive, and integrative training using custom, adaptable therapeutic games. BrightBrainer targets Motor (endurance, strengthening, speed of motion, motor control), Cognitive (memory, focusing, executive functions) and Emotive (depression) domains. This FDA-registered device benefits stroke, TBI and dementia populations. www.BrightBrainer.com

BROOKS[®] Rehabilitation

Brooks Rehabilitation BOOTH #421

Brooks Rehabilitation has served the Southeast for more than 45 years. Our system of care includes one of the nation's largest inpatient rehabilitation hospitals, skilled nursing, assisted living, memory care, home health, outpatient clinics, community programs, a research division and a PMR physicians practice. www.brooksrehab.org

Broward Children's Center BOOTH #112

Since 1971, Broward Children's Center has provided comprehensive services to infants, children, and young adults with special healthcare needs. Our network of care includes: A free-standing sub-acute Skilled Nursing Facility, Medical Group Homes, PPEC, Home Health, Social Services, Education, and Therapy Services. www.bckkids.org

California Rehabilitation Institute BOOTH #311

A partnership of Cedars-Sinai, UCLA Health and Select Medical, California Rehabilitation Institute provides patients with the latest acute inpatient rehabilitation care. With 138 private suites, we are the largest physical medicine and rehabilitation hospital of its kind on the West Coast providing excellence in clinical care and research. www.californiarehabinstitute.com

CARF International BOOTH #1001

Founded in 1966, CARF has been enhancing the quality of services in medical rehabilitation through standards reflecting best practices and leadership in the field internationally. CARF focuses on helping providers implement an internal process of continuous quality improvement and person-centered services to achieve outcomes desired by persons served. www.carf.org

Casa Colina Hospital and Centers for Healthcare BOOTH #402

Casa Colina Hospital and Centers for Healthcare is an independent, non-profit healthcare provider that has served children and adults since 1938. Located in Pomona, it provides a broad continuum of medical-surgical and physical rehabilitation services for people with a wide range of disabling conditions resulting from accidents, illnesses or diseases. www.casacolina.org

CC Therapeutics LLC BOOTH #214

"Dynamic Neck Exerciser" is a patented exercise helmet which uses a "single" resistance band to create 3 dimensional forces to stretch and strengthen the core muscles of the head, neck, and spine. The 3D biomechanics requires balancing and promotes equal strength balance of muscles on both sides of the vertebrae. dynamicneckexerciser.com

Center for Large Data Research & Data Sharing in Rehabilitation BOOTH #403

The Center for Large Data Research and Data Sharing in Rehabilitation is building rehabilitation research capacity by increasing the quantity and quality of rehabilitation outcomes research using large datasets. The CLDR is expanding its mission to include a focus on data sharing and archiving information from completed rehabilitation research studies. <https://rehabsciences.utmb.edu/cldr/>

ACRM EXPO

**Centre for Neuro Skills** BOOTH #117

For over 35 years Centre for Neuro Skills has been recognized as a world leader for providing intensive postacute community based brain injury rehabilitation. Our patient centered programs maximize treatment effect, learning generalization, and learning stability in real-world settings. For additional information about CNS, please visit neuroskills.com or call 800.922.4994 NEUROSKILLS.COM

**Children's Healthcare of Atlanta Rehabilitation****Services** BOOTH #810 & 812

Children's Healthcare of Atlanta offers rehabilitation services in their acute inpatient rehab unit, day rehab program, and 8 outpatient rehab facilities throughout metro Atlanta for patients ages birth to 21. Visit www.choa.org/rehab for more information and how to contact us. www.choa.org/rehab

**Children's
of Alabama®**

Children's of Alabama Pediatric Rehabilitation**Medicine** BOOTH #706

Pediatric Rehabilitation Medicine at Children's Hospital of Alabama utilizes an interdisciplinary approach to address prevention, diagnosis and management of congenital and childhood onset physical and developmental impairments. The team, led by board certified physicians, develops individualized treatment programs through inpatient consultation, acute inpatient rehabilitation, and comprehensive, diagnosis specific outpatient clinics. www.ChildrensAL.org

**CIR Systems/GAITRite** BOOTH #300

GAITRite's® Portable Gait Analysis Systems, offer options for research, clinical and education. GAITRite® measures temporal-spatial parameters. Rollout electronic walkways can be laid over any flat surfaces, minimal setup; quick, easy, accurate data collection, multiple report generation. Connects to PC USB port; up to 2 cameras; use with/without assistive devices. www.GAITRite.com

**Cleveland FES Center** BOOTH #709

The Cleveland FES Center is a consortium of the Louis Stokes Cleveland VA Medical Center, Case Western Reserve University, MetroHealth Medical Center, and University Hospitals. Researchers, engineers and clinicians work together to develop patient-centric solutions that enable the translation of neuro-technology applications into clinical deployment. FEScenter.org

**Constant Therapy** BOOTH #508

Constant Therapy's mobile solution provides evidence-based cognitive, speech and language therapy to patients anytime and anywhere, personalized with powerful data analytics. It is used by SLPs, OTs, and Neurologists in thousands of institutions worldwide. The program has already delivered over 40 million therapy exercises to tens of thousands of patients. www.constanttherapy.com

**Defense and Veterans Brain Injury Center** BOOTH #1004

DVBIC serves active duty military, their beneficiaries, and veterans with traumatic brain injuries (TBI) through state-of-the-art clinical care, innovative clinical research initiatives and educational programs. DVBIC fulfills this mission through ongoing collaboration with the Department of Defense, Armed Forces, VA, civilian health partners, local communities, families and individuals with TBI. dvbic.dcoe.mil

**Ekso Bionics®** BOOTH #711 & 713

Ekso Bionics, a leading developer of exoskeleton solutions that amplify human potential, will be unveiling advancements in EksoGT, the first FDA cleared exoskeleton approved for use with stroke and spinal cord injury from C7 to L5. EksoGT, now with SmartAssist Software, is designed to get patients back on their feet. eksobionics.com

ellura (by Trōphikōs) BOOTH #113

ellura is a medical-grade supplement proven effective as an alternative to antibiotics for UTI prevention. Once daily ellura contains 36 mg PAC (proanthocyanidins) and inhibits UTI-causing bacteria from adhering to the bladder wall, stopping the infection before it starts. www.myellura.com

ELSEVIER

Elsevier BOOTH #418

Elsevier is a world-leading provider of information solutions that enhance the performance of science, health, and technology professionals, empowering them to make better decisions, and deliver better care. www.elsevier.com

Department of
Rehabilitation Medicine

Emory University Department of Rehabilitation Medicine BOOTH #205

Emory University's Department of Rehabilitation Medicine provides individuals with excellent, innovative patient-centered care in state-of-the-art facilities by fostering the continuous involvement of compassionate caregivers in our innovative research and preeminent educational programs. www.rehabmed.emory.edu

g.tec neurotechnology USA, Inc. BOOTH #501

Since 1999 g.tec develops and produces biosignal amplifiers and software for biosignal recording and real-time signal processing. As a world leader in the field of BCI, g.tec develops medical devices for stroke rehabilitation (www.recoverix.at), consciousness assessment of patients with DOC (www.mindbeagle.at) and functional brain mapping. www.gtec.at

Galileo Therapy BOOTH #909 & 911

Galileo is an essential rehab training tool. It's Mechano-stimulation is unlike other muscle devices inducing muscle contractions differently through the "involuntary" stretch-reflex instead of traditional training. Galileo's high-repetition therapy in a short time is versatile for everyone, easy to set-up and enhances functional outcomes and neuroplasticity. It's a game-changer! stimdesigns.com

Hanger Clinic BOOTH #307 & 309

Across 800 locations nationwide, Hanger Clinic comprises the largest team of exceptional orthotic and prosthetic talent. Collectively, we empower human potential and improve the lives of one million people every year, while leading our profession in developing clinical practice guidelines and measuring patient outcomes. www.HangerClinic.com

Harmony Hill International Co., Ltd. BOOTH #203

Pedal Wheelchair COGY are manually operated multifunctional wheelchairs designed for indoor / outdoor use and intended to provide mobility to persons that have the capability of operating a wheelchair. Feature: Maintain and prevents degeneration of the leg muscles and brain / 360 Degrees turn on the spot / High Safety Precautions. www.hhic.com.tw

HEALTHSOUTH.

HealthSouth Corporation BOOTH #800 & 802

HealthSouth is one of the nation's largest providers of post-acute healthcare services, offering both facility-based and home-based post-acute services in 35 states and Puerto Rico through its network of inpatient rehabilitation hospitals, home health agencies, and hospice agencies. www.healthsouth.com

Hocoma/Motek BOOTH #901 & 903

Motek is the global leader in virtual reality technology for rehabilitation and research. Motek's systems are suited for the assessment and training of a wide variety of orthopedic and neurological conditions affecting the balance and locomotion mechanisms in the human body. Our clients are universities, hospitals and medical rehabilitation centers. www.hocoma.com

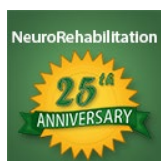

ACRM EXPO

Hope
after brain injury

Hope After Brain Injury BOOTH #1002

Hope after Brain Injury is a non-profit organization devoted to sharing hope with those affected by brain injury by offering counseling, education, and connection to community resources. We are involved with brain injury survivors and their caregivers, along with healthcare professionals, committed to the advancement of brain injury recovery. www.hopeafterbraininjury.org

IOS Press BOOTH #218

IOS Press (www.iospress.com), established in 1987, publishes around 100 international journals and approximately 75 books annually in a broad range of subjects. Premier titles in rehabilitation medicine include the Journal of Pediatric Rehabilitation Medicine (www.iospress.com/journal-of-pediatric-rehabilitation-medicine), Restorative Neurology and Neuroscience (www.iospress.nl/restorative-neurology-and-neuroscience), Technology and Disability (www.iospress.nl/technology-and-disability) and NeuroRehabilitation (www.iospress.com/neurorehabilitation), currently celebrating its 25th anniversary. www.iospress.com

Kapios Health BOOTH #700

Kapios Health's Face2Face® app is designed to supplement treatment for facial paralysis. Face2Face® mirrors the healthy side of the face over the unhealthy side; allowing for patients to exercise their facial muscles, while seeing their face wholly healthy. The application features educational materials and allows patients to monitor their progress. www.kapioshealth.com

Kennedy Krieger Institute
UNLOCKING POTENTIAL

Kennedy Krieger Institute BOOTH #1016

Located in the Baltimore/Washington region, the Kennedy Krieger Institute is internationally recognized for improving the lives of 20,000 children and adolescents with disorders and injuries of the brain, spinal cord, and musculoskeletal system each year, through inpatient and outpatient clinics; home and community services; and school-based programs. www.kennedykrieger.org

INSTITUTE FOR REHABILITATION

Select Medical

Kessler Institute for Rehabilitation BOOTH #411

Kessler Institute, ranked as one of the nation's top rehabilitation hospitals for 25 years by U.S. News, is one of only nine NIDRR-designated Model Systems for the treatment/research of traumatic brain and spinal cord injuries. That same pioneering care distinguishes Kessler stroke, neurologic, orthopedic/musculoskeletal, amputation, cancer and cardiac recovery programs. www.kessler-rehab.com

KINESIQ BOOTH #702

KINESIQ offers exercise equipment combining virtual reality and motion technologies to preserve and improve functional autonomy, physical and neurological conditions. Allowing evaluation and treatment, both locally and offsite, through regularly updated and stimulating content adapted to several types of patients from early stages of fragility to end of life. www.kinesiq.com

REVOLUTIONS

Kinetic Revolutions BOOTH #212

Kinetic Revolutions is a medical device company driven to create new mobility products with real-world applicability that will immediately and positively impact patients and practitioners. Products include the MATRIX gait trainer for adults. We provide product solutions across Orthotic & Prosthetic, Physical Therapy and Occupational Therapy practices. <http://kineticrevo.com>

LongGood

LongGood BOOTH #301

LongGood has been devoted to developing telerehabilitation solution with a vision to allow patients treated with high quality rehab service anytime, anywhere. We bring out a more convenient and friendly medical environment. Just like a virtual doctor by your side, to improve the quality of life. <http://en.longgood.com.tw/>

Rehabilitation Hospital

Mary Free Bed Rehabilitation Hospital BOOTH #701

Mary Free Bed Rehabilitation Hospital is a 167-bed, free-standing, rehabilitation hospital committed to helping patients regain independence following serious injury or illness. Comprehensive services and an exclusive focus on rehabilitation enables specialty physicians and staff to achieve outstanding clinical outcomes. www.MaryFreeBed.com

Mayo Clinic BOOTH #305

Mayo Clinic is the largest integrated group practice in the world. Mayo Clinic Rehabilitation Medicine Center is a place for discovery, translation and application of inpatient and outpatient rehabilitation care. Mayo Clinic provides programs to develop and increase the knowledge, expertise and performance required to advance Physical Medicine and Rehabilitation. www.mayoclinic.org

MERZ NEUROSCIENCES™

Merz Neurosciences BOOTH #710 & 712

Merz Neurosciences is an important contributor to the U.S. neurosciences space, offering a well-balanced product portfolio that includes the neurotoxin Xeomin® (incobotulinumtoxinA) and the anticholinergic Cuvposa™ (glycopyrrolate) Oral Solution. We strive to deliver meaningful treatment options and a better patient experience in order to meet the needs of each person we serve. <http://www.merzusa.com/neurosciences>

Model Systems Knowledge Translation Center (MSKTC) BOOTH #1146

The Model Systems Knowledge Translation Center (MSKTC) is a federally-funded center that offers free factsheets, videos, slideshows, and other resources for people living with spinal cord injury (SCI), traumatic brain injury (TBI), and burn injury (Burn). msktc@air.org

Myomo Inc. BOOTH #201

Myomo, Inc. is a medical robotics company leading the way in extending myoelectric prosthetic technology to powered orthoses that restore an individual's mobility. The company's mission is to improve mobility and restore independence for individuals suffering from a paralyzed arm due to Brachial plexus injury, Stroke and other neuro-muscular conditions. www.myomo.com

National Registry of Rehab Technology

Suppliers BOOTH #1014

NRRTS is a professional association supporting individuals who provide Complex Rehab wheelchairs and seated positioning systems for people who have postural or mobility deficits. These professionals offer quality care and service using specialized knowledge, training, experience and skills to match the consumers' needs to appropriate equipment. www.nrrts.org

National Stroke Association BOOTH #302

National Stroke Association is a 501(C)(3) nonprofit organization. Our mission is to reduce the incidence and impact of stroke by developing compelling education and programs focused on prevention, treatment, rehabilitation and support for all impacted by stroke. www.stroke.org

NCTRC (National Council for Therapeutic Recreation Certification) BOOTH #110

NCTRC (National Council for Therapeutic Recreation Certification), the premier credentialing organization for the profession of Therapeutic Recreation. A non-profit, international organization dedicated to professional excellence for the protection of consumers through the certification of recreational therapists. The Certified Therapeutic Recreation Specialist (CTRS) is offered to qualified individuals based on stringent requirements. www.NCTRC.org

NEOFECT

NEOFECT USA, Inc. BOOTH #306 & 308

The RAPAE Smart Glove is a rehabilitative device that monitors hand movements through playing game-like exercises. It is designed to promote brain re-learning for active hand movement and function. Patients practice goal-oriented and task-specific motor skills with increased repetition while being stimulated in an environment conducive to hand rehabilitation. www.neofect.com

NEUROInternational

NeuroInternational BOOTH #401

NeuroInternational is the largest privately-owned community-based TBI/ABI provider in the Southeastern United States with multiple locations - many centered around Sarasota, Florida. NeuroInternational offers comprehensive NeuroRehabilitation, NeuroBehavioral, Complex Medical, and Supported Living services. Our service-oriented team, beautiful environments, and culture of dignity and respect makes us truly unique. www.neurointernational.com

REACT

Rehabilitation Research Resource
to Enhance Clinical Trials

**NIH National Rehabilitation Research Resource
To Enhance Clinical Trials (REACT)** BOOTH #404

NIH National REACT Center helps investigators design and conduct clinical trials to fill key gaps in medical rehabilitation, ultimately optimizing patient care. REACT provides education, collaboration, data sharing, consultation, access to core facilities, and a Mobile Technology Laboratory; all with the goal of fostering innovative clinical/translational research and clinical trials. <https://react.center>

NIH Toolbox for Assessment of Neurological and Behavioral Function BOOTH #409

NIH Toolbox for Assessment of Neurological and Behavioral Function is a multidimensional set of measures that used to assess cognitive, sensory, motor, and emotional function in people ages 3-85. Comprised of four 30-minute batteries, the core suite of measures can be administered to study participants in two hours or less. nihtoolbox.org

Parker Hannifin BOOTH #1019

Indego® is an exoskeleton which allows gait impaired individuals to stand up and walk again thanks to powered hip and knee joints in conjunction with sensor technology and sophisticated control strategies. Indego can be used as a therapy tool or as a mobility assistive device for individuals www.indego.com

Pearson

Pearson BOOTH #801

Pearson provides a comprehensive portfolio of research-based instruments to help clinicians develop insights that support evaluations and shape treatment plans. How are you managing the integration of behavioral healthcare into your medical practice? Stop by Booth #204 to learn more about Pearson's integrated healthcare solutions. For more information visit www.pearsonclinical.com/integratedhealthcare

PHILIPS

RESPIRONICS

Philips Respironics BOOTH #310

At Philips, we have been providing innovative ambulatory monitoring products and actigraphy technology for more than 35 years to researchers and clinicians. Our customers have come to depend on our quality manufacturing, outstanding customer support, and the objective and reliable data that our devices provide for a variety of applications. www.respironics.com

Pritchett&Hull

Pritchett & Hull Associates, Inc. BOOTH #512

Since 1973, Pritchett & Hull Associates, Inc. has helped millions to overcome health challenges. Our award-winning patient education solutions give leading organizations tools to lower costs and increase efficiency while promoting their unique brand of care in a competitive healthcare environment. www.p-h.com

ProtoKinetics
The New Standard in Gait Analysis

ProtoKinetics Gait Analysis Walkways BOOTH #509 & 608

The Zeno Electronic Walkway powered by PKMAS software is the most popular "gait mat" technology in the world. The Convertible Zeno is expandable; deploy it as a standard, a wide (4'x26') or a long skinny walkway (2'x52'). Capture balance, walking, turning, PKMAS Primary Gait Screen (PGS), running, TUG, etc. www.protokinetics.com

Pt Pal BOOTH #510

Pt Pal gives patients an interactive electronic version of their therapy program while simultaneously providing clinicians with real-time feedback regarding their patient's adherence and progress. Pt Pal manages exercises, surveys, activities, and education across departments, giving patients a single interface for their self-care tasks, and a single platform for hospitals. www.ptpal.comv

Rancho Los Amigos National Rehabilitation Center BOOTH #707

Rancho Los Amigos National Rehabilitation Center is world renowned in the field of medical rehabilitation, providing quality care for people with a wide range of disabilities. Rancho's mission is to provide patients who have experienced life-altering injury or illness with superior medical and rehabilitative services in a culturally sensitive environment. www.rancho.org

Rehab Without Walls NeuroSolutions BOOTH #902

Rehab Without Walls NeuroSolutions, the most complete post-acute neurorehabilitation continuum. Over 30 years as the country's most respected home and community neurorehab leader, now spans home & community, residential, neuro outpatient and pediatrics. We treat the patient or injured worker in the right place at the right time achieving their highest of independence. www.rehabwithoutwalls.com

Rehabilitation Hospital of Indiana BOOTH #216

RHI, provides acute inpatient rehabilitation services, outpatient continuum and community reintegration services for adults with brain injury, stroke, spinal cord injury, and other disabling conditions. RHI is dedicated to assisting individuals in achieving their highest potential with a commitment to the values of respect, independence, quality service, innovation, and service to the community. www.rhin.com

Rehabilitation Sciences Institute
UNIVERSITY OF TORONTO

Rehabilitation Sciences Institute, University of Toronto BOOTH #210

The Rehabilitation Sciences Institute at the University of Toronto provides a transdisciplinary training program in the rehabilitation sciences for masters and doctoral stream students with world renowned faculty in collaboration with outstanding university/hospital/community partners. For more information about admissions, funding and programs, please visit our website at www.rsi.utoronto.ca www.rsi.utoronto.ca

Prevent • Protect • Restore

Restorative Medical BOOTH #303

Restorative Medical is a leader in the development & manufacture of restorative splints & braces. Our unique products provide potential to patients suffering decreased range of motion & neurological complications & support to the therapists and clinicians who treat them. We believe that research, development and clinical collaboration sets the foundation for improved patient care. www.restorativemedical.com

Restorative Therapies, Inc. BOOTH #900

Restorative Therapies is the leader in FES powered systems providing stimulation of upper and lower extremities and trunk muscles. Cycling, stepping, elliptical, supine and now functional task specific FES systems are available. Our unique database system, RTI Link, also makes Restorative Therapies an attractive research and clinical partner. www.restorative-therapies.com

ReWalk Robotics BOOTH #511

ReWalk Robotics is the developer of the ReWalk™, a wearable robotic exoskeleton that provides powered hip and knee motion to enable individuals with Spinal Cord Injury (SCI) to stand and walk. ReWalk is FDA cleared for home and community use, is the most studied exoskeleton in the industry and has the most published data on exoskeleton potential benefits. www.rewalk.com

ACRM EXPO

Rifton BOOTH #318

Working closely with clinicians in the field, Rifton designs and manufactures some of the most durable, most adjustable rehab products available for children and adults. <https://www.rifton.com/>

RUSK REHABILITATION AT NYU LANGONE

Rusk Rehabilitation at NYU Langone BOOTH #400

Ranked top ten in the country and #1 in New York by U.S. News & World Report since 1989, Rusk Rehabilitation continues to set the standard in rehabilitation care for every stage of life and for every phase of recovery. <http://nyulangone.org/locations/rusk-rehabilitation>

Saol Therapeutics BOOTH #406, 408, 410, 412

Saol Therapeutics (pronounced "Sail") is a privately held specialty pharmaceutical company focused on providing therapies to patients with rare diseases. The company currently markets a therapy for the treatment of severe spasticity and has a strategic growth emphasis on the neurologic therapeutic area. For more information, visit www.saolrx.com.

Sesame Enable BOOTH #220

Sesame Enable developed the world's first completely touch-free smartphone and tablet, created for people with disabilities by people with disabilities. Sesame's users regain control over their lives — making independent and private phone calls, controlling a smart home and TV, connecting with family and friends, engaging in social media and even managing businesses. www.sesame-enable.com

Shepherd Center

2020 Peachtree Road, NW
Atlanta, GA 30309-1465
404-352-2020 shepherd.org

Shepherd Center BOOTH #319

Shepherd Center, located in Atlanta, Georgia, specializes in medical treatment, research and rehabilitation for people with spinal cord injury, brain injury, multiple sclerosis, spine and chronic pain, and other neuromuscular conditions. Shepherd Center is ranked by U.S. News & World Report among the top 10 rehabilitation hospitals in the nation. <https://www.shepherd.org>

Spaulding Rehabilitation Network BOOTH #910 & 912

Spaulding Rehabilitation Hospital is nationally ranked by US News & World Report and is the official teaching hospital of Harvard Medical School. Our network provides a full continuum of rehabilitative care, with six inpatient facilities and 23 outpatient centers. Our mission is to provide exceptional clinical care, promote medical education, and advance research. www.spauldingrehab.org

Tekscan, Inc. BOOTH #405 & 407

Tekscan manufactures a range of pressure assessment and clinical/research evaluation tools. Our unique systems use thin, flexible, high-resolution sensors to observe gait abnormalities, determine orthotic/wheelchair cushion efficacy, identify potential ulceration areas, and more. www.tekscan.com

A donor-supported nonprofit

The Amputee Coalition BOOTH #304

The Amputee Coalition is the leading national, donor-supported, non-profit organization serving the limb loss community. Our mission is to reach out to and empower those affected by limb loss to reach their full potential through education, support, and advocacy, and to promote limb loss prevention. amputee-coalition.org

The College of St. Scholastica - TDPT online
BOOTH #1012

The transitional Doctor of Physical Therapy program at CSS offers working clinicians degree parity in a 100% online format. Designed with the needs of practicing physical therapists in mind, our program is streamlined to offer clinicians a bridge up to DPT in just 6 courses/16 credits. www.css.edu/applyTDPT

Thought Technology, Ltd. BOOTH #109

Thought Technology's is the world's leading biofeedback, neurofeedback and psychophysiological instrument manufacturer. Our products are used as an essential part of therapeutic treatments/clinical assessment protocols to treat stress related disorders/provide treatment for incontinence/muscle rehabilitation including sEMG-triggered stimulation. They are also used in ergonomics, Sports/Peak Performance and educational applications. <http://thoughttechnology.com/index.php/>

Touro Infirmary and Rehabilitation BOOTH #705

Touro Rehabilitation Center is the only hospital in Louisiana accredited in several subspecialty areas by the Commission on Accreditation of Rehabilitation Facilities (CARF). Touro provides interdisciplinary rehabilitation to physically challenged individuals to prevent or minimize impairment and disability, helping them enjoy life with highest degree of independence. Touro is located in New Orleans. www.touro.com/rehab

Tree of Life Services, Inc. BOOTH #108

Tree of life Services Inc., founded by Nathan Zasler, M.D, provides post-acute, community-based, transitional and long-term supported living services for persons with ABI. We offer a community-based continuum of living options. We provide person centered, individualized care with a focus on community reintegration, quality of life, and cost efficiency. <http://tree-of-life.com>

T-Rehab Pte Ltd. BOOTH #114

T-Rehab is a Tele-rehabilitation solution/service provider. We offer a cloud based platform that allows therapists to provide remote rehabilitation treatment to patients. We are ISO13485 and Health Sciences Authority of Singapore registered. Customers: NTUC Health, Touch Community Services, SengKang Hospital, Ang Mo Kio Hospital, SPD, Kwang Wai Shu Hospital. www.t-rehab.com

Vald Performance BOOTH #115

Vald Performance is a technology company with a specific focus on measuring human performance. Vald Performance is responsible for the NordBord Hamstring Testing System and the GroinBar Hip Strength Testing System. Our systems provide allied health professionals, sports scientists and conditioning staff with evidence based insights into an individual's performance and injury risk. www.valdperformance.com

VirtuSense Technologies BOOTH #813

VirtuSense makes digital technology platforms that improve the sensitivity, reliability, and meaningfulness of outcome measures used in research, clinical trials, and in practice. We use machine vision, deep learning algorithms, and data analytics to assess physical movement quickly, objectively, and reliably. Our highly portable system fits in a backpack. www.virtusensetech.com

Wheeler's Paramill BOOTH #506

The Paramill allows for stationary observation by trainers and therapists with performance and growth tracking capabilities. Accessible to both standard & athletic chairs, the Paramill's single or split roller options allow for customized rehabilitation and training in both forward or reverse motions. www.wheelersparamill.com

COMPLEMENTARY INTEGRATIVE REHABILITATION MEDICINE NETWORKING GROUP

ACRM | American Congress of Rehabilitation Medicine is dedicated to IMPROVING lives of people with disabilities through interdisciplinary rehabilitation research. ACRM welcomes and supports ALL members of the rehabilitation team — including researchers, physicians, clinicians, counselors, administrators, case managers and others advancing the field of rehabilitation medicine by:

- Supporting research that promotes health, independence, productivity, and quality of life; and meets the needs of rehabilitation clinicians
- Providing a platform for critical interdisciplinary exchange
- Developing and promoting rigorous standards for rehabilitation research
- Disseminating world-class rehabilitation research
- Translating research into evidence-based practice guidelines
- Advocating for public policy and legislature that supports adequate public funding of rehabilitation research and patient access to effective rehabilitation services throughout their lives.

ACRM Annual Conference:

Progress in Rehabilitation Research (PIRR) The ACRM 94th Annual Conference, *Progress in Rehabilitation Research* is the largest conference in the world for interdisciplinary rehabilitation research. The event has up to 30 concurrent tracks of the highest-caliber educational content, NONSTOP content for 19 focus areas, an extensive pre-conference program, and CME/CEU credits for 15 disciplines, with up to 44 CME/CEUs available — more than any other conference. PIRR offers the very latest in rehabilitation research and its translation into clinical practice. MORE: ACRMconference.org

ACRM ISIGs and Networking Groups

The lifeblood of ACRM is its many interdisciplinary special interest groups (ISIGs) and networking groups providing a professional home for all members of the rehabilitation team. This is where the real work is accomplished and meaningful connections are made. Access to your choice of ACRM groups is one of the most valuable benefits of membership. MORE: ACRM.org/ACRM-communities.

ACRM Journal:

Archives of Physical Medicine and Rehabilitation (the ARCHIVES)

The scientific journal of ACRM publishes original articles reporting important trends and delivering authoritative information on the therapeutic utilization of physical, behavioral and pharmaceutical agents in providing comprehensive care for individuals with chronic illness and disabilities. According

to the recent Thomson Reuters Journal Citation Reports, the Impact Factor for ARCHIVES increased by 19 percent over the previous year to 3.045. This is the 12th increase in 13 years. With 20,209 lifetime citations, it is unsurpassed as the most-cited journal in Rehabilitation. It still has the highest Eigenfactor in the category, and is the most widely distributed rehabilitation journal in North America. Subscription to the journal is a benefit of ACRM membership. MORE: Archives-PMR.org

Advocacy

ACRM is committed to:

- Serving as an advocate for public policy and legislative issues that support individuals with disabilities and providers of rehabilitation services
- Helping to develop innovative and cost-effective models of collaborative care and comprehensive rehabilitation management
- Supporting research efforts that examine and develop the most effective clinical technology and treatment paradigms
- Initiating dialogue with payers and regulators to communicate the collaborative care models that produce positive rehabilitation outcomes.

ACRM Leadership

The governing body of ACRM is an elected volunteer board of governors led by ACRM President, Douglas Katz, MD, FACRM, FAAN, FANA, FASNR and supported by CEO, Jon W. Lindberg, MBA, CAE, Yale-GELP and the business team. MORE: ACRM.org/aboutACRM

INCLUSIVE • WELCOMING • COLLABORATIVE • DIVERSE • CONGENIAL

WHAT IS THE INTERNATIONAL NETWORKING GROUP?

The ACRM International Networking Group is a community of rehabilitation professionals from around the world whose mission is to communicate and collaborate across international boundaries to advance rehabilitation research and evidence-based practice.

It fosters international collaborations among rehabilitation researchers, consumers, and providers through multi-site research; disseminates evidence-based practice recommendations through active participation in the ACRM Annual Conference; and develops educational materials.

This interdisciplinary group of ACRM members and rehabilitation stakeholders is committed to evidence-based practice and policy that advances the organization, delivery, and financing of rehabilitation services. The International Networking Group builds on the ACRM commitment to interdisciplinary research that reaches across health conditions and the continuum of rehabilitation care.
