

**MOVING** RESEARCH EVIDENCE into STROKE Rehabilitation Practice

## STROKE REHABILITATION—KNOWLEDGE TRANSLATION

### **ACRM INTERPROFESSIONAL WORKSHOP**

FRIDAY 28 APRIL 2017 // 8:30 AM - 5:00 PM // HILTON ATLANTA 

## LEARN:

Identify gaps in the practice of stroke rehabilitation • Identify methods to close the evidence to practice gap specific to stroke rehabilitation • Discuss current evidence • Develop an effective Knowledge Translation “KT” intervention plan

 **One-day hands-on workshop**  
for front-line clinicians

 **EARN CMEs:** ACRM has designated Cedars-Sinai Medical Center PM&R Academics as the approval agency for continuing education credit for this workshop.

Cedars-Sinai Medical Center PM&R Academics is an approved provider for the Physical Therapy Board of California, American Occupational Therapy Association, California Speech-Language Pathology and Audiology Board and The California Board of Behavioral Sciences. This course is being approved for designation of credits.

## FACULTY:

**ANITA MENON**, PhD, OT(c), erg.  
Assistant Professor, School of Physical and Occupational Therapy, McGill University; Project co-Director, Edith Strauss Rehabilitation Research Projects

At the School of Physical and Occupational Therapy, Dr. Menon teaches and coordinates an *Advanced Practice for Stroke Rehabilitation* course for students and rehabilitation professionals, focusing on current knowledge of best practices for stroke rehabilitation assessment and treatment. She teaches and coordinates a graduate-level course on knowledge translation (KT) in rehabilitation science, whereby students examine various client groups from the perspective of how research evidence can be implemented into daily practice using effective KT interventions. **ACCOMPLISHMENTS:** 26 peer-reviewed articles, 23 invited talks and 52 oral presentations.
