Overview

Archives of Physical Medicine and Rehabilitation

Editorial Description

Archives of Physical Medicine and Rehabilitation brings its readers authoritative information on the therapeutic utilization of physical and pharmaceutical agents in providing comprehensive care for persons with disabilities and chronic illnesses. Archives of Physical Medicine and Rehabilitation is the most influential journal on rehabilitation in the world--its papers have been cited more than any other rehabilitation journal.

Physiatrists are MDs writing prescriptions and recommending medical devices for patient conditions that require rehabilitation, including Pain, Arthritis, Neurologic Disorders, Orthopedics, Psychological Disorders, and more.

Editors-in-Chief

Leighton Chan, MD, MPH
Allen W. Heinemann, PhD, ABPP

Society

ACRM

Audience

Reaches all AMA office based PM&R Physicians as well as Physiatrists, physical therapists, occupational therapists, speech pathologists, rehabilitation nurses, psychologists, and other professionals serving the field of rehabilitation medicine.

Publisher

Chris Baumle

Issuance

Monthly Issuance: 12 Times Per Year

Most Highly Cited Journal in Rehabilitation*

- Archives of Physical Medicine and Rehabilitation
  Impact Factor: 2.358
- American Journal of Physical Medicine and Rehabilitation
  Impact Factor: 1.731
- PM&R
  Impact Factor: 1.372

* Source: 2012 Impact Factor: 2013 Journal Citation Reports®, Thomson Reuters
An organization of rehabilitation professionals dedicated to serving people with disabling conditions by supporting research that promotes health, independence, productivity, and quality of life and meets the needs of rehabilitation clinicians and people with disabilities.

- **ACRM** has the largest conference and tradeshow in the world for Interdisciplinary Rehabilitation Research
- **ACRM** has the largest, and fastest growing membership for Interdisciplinary Rehabilitation Research
  - Membership growth **965%***
  - Institutional membership growth **2,500%***

*2013 Report to Membership: Five Extraordinary Years (Since 2009)

**Membership and Reach**

The **ACRM** is a global community of both researchers and consumers of research, in the field of rehabilitation. **ACRM** is the only professional association representing all members of the interdisciplinary rehabilitation team, including: physicians, psychologists, rehabilitation nurses, occupational therapists, physical therapists, speech therapists, recreation specialists, case managers, rehabilitation counselors, vocational counselors, and disability management specialists.

The **Archives of Physical Medicine and Rehabilitation**, the official journal of the **ACRM**, provides advertisers with a unique reach to this multidisciplinary team by reaching both MDs and PhDs specializing in PM&R.

**Mission**

We enhance the lives of people living with disabilities through a multidisciplinary approach to rehabilitation. As leaders in the physical medicine and rehabilitation field, we promote innovative research, new technologies, and sharing information, and encourage evidence-based practices in clinical settings.

Purchasing Power

Readers treat the following conditions and procedures (in order of most managing or conducting as a regular part of practice):

- Brain injury
- Neurologic disorders
- Spinal cord injury
- Stroke rehabilitation
- Pain management
- Physical therapy
- General PM&R
- Multiple Sclerosis
- Orthopedics
- Spasticity management
- Amputee rehabilitation
- Electrodiagnosis
- Rheumatologic conditions (arthritis, connective tissue)
- Geriatrics
- Speech-language and swallowing
- Wound care
- Peripheral vascular disease and diabetes
- Neurostimulation
- Vertebroplasty/kyphoplasty
- Other

Readers write prescriptions in the following categories (in order of most written prescriptions):

- Analgesics non-opioid
- NSAIDS
- Analgesics opioid
- Muscle spasm
- Muscle relaxants
- Arthritis
- Antidepressants
- Antiepileptic agents
- Opioid induced constipation
- Osteoarthritis injections
- Gastrointestinal
- DVT agents
- Spinal injections
- Urological
- Chronic migraine
- Alzheimer’s
- Diabetes
- Infectious diseases
- Multiple Sclerosis
- Cancer treatment
- Dermatological
- Osteoporosis injections

**Sponsored Educational Supplements:**
Articles submitted for peer review to be published and polybagged with issue of journal.

**Article Collections:**
Selected articles categorized by single-topic that appear on the journal website.

**Journal-Branded Resource Centers:**
Online collection of multi-media content on a given topic or theme that may include:
- Archives article collection
- Author interviews
- Webcasts
- Roundtable discussions
- Other references and resources

**Patient Education Tablets:**
Mail your pre-printed patient education tear-off pads with our publication. Designed to allow physicians to easily disseminate education materials to their patients.

**Cover Wraps:**
Grab attention from the start with an exterior wrap promoting a new launch or large event.

*All Custom Solutions subject to ACRM approval.*
Reprint Capabilities

Reprints

The Power of Credibility

Reach targeted HCPs with original, authoritative content

Whether you are launching a new product, trying to increase sales of existing products or repositioning established ones, Elsevier article reprints provide an exclusive and distinctive way to promote your brand using the strengths of our multimedia programs and your published work.

Hard Copy Reprints

Customizable Options

Printing

- Article translation
- Inclusion of:
  - Company/brand logo
  - Prescribing Information & ISI
  - Inventory number

Packaging

- Resizing: Pocket/Digest
- Article Collections/Supplements
- Shrink-wrapping
- Polybagging—Outserts provided to targeted HCPs

Digital Reprints

E-Premier

 Seamlessly incorporate page-flipping digital media features into your journal-branded reprints. View a demo

E-Premier Add-on Options:

- Include a sign-in screen that collects recipients’ contact information.
- Embed a video clip of a key opinion leader or author discussing the article.
  - Showcase a new procedural or surgical technique.
  - Maximum of 3MB or approximately 2-minute runtime. View a demo
- Coming soon: Embed a podcast of a key opinion leader and/or author into your eprint.

Linkards:

Further enhance the digital reach of your reprint with these business card-sized handouts showcasing the citation of the article alongside your branding. Recipients can access the reprint via an exclusive URL or QR code. Ideal for conference distribution and Sales Representative leave-behinds.

QR Codes

Integrate QR codes into your advertising to allow quick mobile access to your reprint.

Tablet Program

Install a suite of articles on a tablet for display during rep details, conferences, or on the fly.

Targeted Email Marketing

In partnership with MDLinx, we offer the opportunity to distribute your ePrint via MDLinx’s specialty update email list. We will send up to three emails to your targeted specialty and provide email metrics upon completion.

Visit us at www.reprints.elsevier.com where selecting and ordering your reprints is simple:

- Search for articles by journal, specialty, keyword, and more.
- Receive your quote online in 24 hours or less.
- Place your order online, and track the production process.

Print Ad Specifications

File Format

PDF or PDF/X-1a compliant files, saved as PDF version 1.3. Transparencies within the supplied PDF(s) will be rejected. The transparent elements contained in your file(s) must be converted within the native layout application or flattened in Acrobat using the High Resolution Flattener Presets.

Images

All high-resolution images and fonts must be included. TIFF & EPS files must conform to the following minimum resolution specifications:
- Grayscale and Color images: 300 dpi
- Combination Grayscale and Color images: 500-900 dpi
- Line art (Bitmap) images: 900-1200 dpi

Higher image resolutions are acceptable as they exceed the minimum requirements, but in some cases unnecessary resolution will be discarded to achieve smaller file sizes.

Fonts

Use of PostScript Type 1 fonts is encouraged. Include fonts for any embedded graphics. DO NOT use Type 3 or Multiple Master fonts. Avoid using Macintosh menu-stylized fonts, Macintosh “city” fonts (Chicago, Geneva, etc.) and Microsoft Outlook fonts (Tahoma, Impact, etc.).

Page Layout

Regardless of the file format supplied, all ads must conform to the following specifications:
- Final size must meet journal trim size and include 1/8” bleed image on all four sides.
- Files will include trim marks with a minimum 3/16” offset
- Supply as single page files only
- No content is to be within 1/4” of all trim edges.
- All fonts and graphics must be either embedded or included with the files and conform to the format type listed above. Images must also conform to the specifications above for minimum image resolution.
- All color ads should be supplied as composite files.
- Reverse type should be no less than 6pt. Fine lettering (thin lines, serifs) should be restricted to one color.
- Embedded images should not be scaled, cropped/ masked or rotated within the page layout application but instead should be manipulated in a proper image editing program (ex. Photoshop) and then imported into the page layout program at proper size and position.
- DO NOT nest EPS files within EPS files.
- All lines and line art images should be of a minimum 1/3 pt thickness (1/2 pt for reverses) at final size to reproduce effectively on press.
- Crop marks and SWOP color bars must be included and positioned 1/2” outside trim.
**Color Space**

All color images and files are to be supplied as CMYK with a Total Area Coverage (TAC) not to exceed 300% for the darkest area of an image. Files supplied as RGB will be automatically converted to CMYK.

**Spot Colors**

Spot colors are to be identified using the standard Pantone naming convention and not a custom color such as “Dark Blue.” PMS colors will be converted to process unless otherwise specified. When using both art and layout programs be sure spot color naming is consistent in all applications (ex. Do not define both PMS 201CV and PMS 201CVC).

**Trapping and Screening**

Overprints and knockouts should be defined. Files are NOT to be trapped or prescreened. Our Prepress service provider will use industry recognized trapping software to auto-trap your files for optimum performance and reproduction on press and will apply the appropriate screening. Note that these trap settings may force small text and fine graphics to overprint to hold registration on press.

**Proofs**

All color ads require a SWOP-certified contract color proof, which includes a SWOP proofing bar or a GATF proof comparator. All proofs must be produced from the final file submitted. Proofs must be imaged at 100% scale and in accordance with SWOP specifications. For a list of current SWOP-approved proofs visit [www.swop.org/certification/systemlist.asp](http://www.swop.org/certification/systemlist.asp). Proofs generated from any of the approved devices are acceptable.

Desktop inkjet printer proofs do not meet SWOP specifications. Elsevier cannot guarantee color match unless acceptable proof is provided. If a contract color proof is not supplied Elsevier will run to standard ink densities and dot gains. Revised proofs must be supplied whenever a text or design change is made. Any alteration to a file will require output of a new proof at cost to the customer. All black & white or grayscale ads supplied require 100% size lasers for confirmation of ad content.

**Delivery**

Submit PDF ad files to Elsevier ad portal at [www.ads4els.com](http://www.ads4els.com)

**Conformance to Specs**

Variance from the above specifications may not yield results that conform to Elsevier quality control standards.

**Insert Requirements:**

*Size - 2 page:* 8-1/2” x 11-1/4”

*Size - 4 page:* 17” x 11-1/4”, Furnish folded to 8-1/2” x 11-1/4”

*Trimming:* 1/8” trimmed off top, bottom, gutter and face. Keep all live matter 1/4” from all trim edges. Note that a 1/2” safet must also be applied to both sides of the gutter.

**Insert Stock Weight:** For 2 page 80# text preferred; 4 to 8 pages – 60# text minimum; 80# text maximum. Inserts that do not meet these minimum weights must be sent to the publisher for evaluation

**Closing Date for Booking Inserts:** Same as ad space closing

**Disposition of Reproduction Material**

All digital ad files will be held for twelve months only unless otherwise notified. Left over inserts will be held until the issue mails. After issue mailing is completed any unused inserts for that issue will be destroyed unless otherwise indicated on the insertion order. Excess inserts held in storage beyond completion of insertion date will be subject to storage charges.

---

**Insert delivery date:** See Insert due dates

All inserts must be submitted to Publisher for approval of stock, design and other mechanical specifications. Copy of insert must accompany insertion order

Note: Failure to meet insert specifications & packaging guidelines may result in additional charges.

**Insert Quantity**

Contact Ad Sales Services.

For conference copy distribution, contact Ad Sales Services.

**Insert Packing & Shipping Instructions**

Inserts packed one up, folded if four pages, flat if two pages. All inserts must be delivered to the printer in cartons, with journal title, quantity, product & issue date (month/year) clearly marked. If shipping inserts for more than one issue date, inserts must be packed separately and clearly marked indicating journal title, issue date (month/year) and quantity.
### Banner 1: Leaderboard Ad

**Creative Size:** 728 x 90  
**Creative Type:** Leaderboard  
**Placement:** Journal pages  
Above journal banner and logo, set to display on all non-content journal pages (content pages = abstract and full text articles*)  
* Generic list of non-content pages available upon request though will vary by journal  
NOTE: Leaderboard can be configured to load on full-text and abstract pages on journal-by-journal basis only. This is not an automatic placement so a special request must be made. Ad will appear on all abstract and FT pages (for all issues).  
**Size:** 40K max  
**Rotation:** Accepted  
**Animated GIF:** Max 3 loops of animation – up to 15 seconds per loop  
**Required Resolution:** 72 dpi  
**Acceptable File Format:** GIF, JPEG, SWF [rich media (e.g., Flash)]  
**Color Palette:** 216 (for GIF files)  
**Rich Media:** Yes  
**Target URL:** Required  
NOTE: Rich media ads (FLA/SWF) must be accompanied by a backup GIF or JPG.

### Banner 2: Wide Skyscraper Ad

**Creative Size:** 160x600  
**Creative Type:** Wide skyscraper  
**Placement:** Journal pages  
RH column of journal page, displays on all non-content journal pages (content pages = abstract and full text articles*)  
* Generic list of non-content pages available upon request though will vary by journal  
**Size:** 40K max  
**Rotation:** Accepted  
**Animated GIF:** Max 3 loops of animation – up to 15 seconds per loop  
**Required Resolution:** 72 dpi  
**Acceptable File Format:** GIF, JPEG, SWF [rich media (e.g., Flash)]  
**Color Palette:** 216 (for GIF files)  
**Rich Media:** Yes  
**Target URL:** Required  
NOTE: Rich media ads (FLA/SWF) must be accompanied by a backup GIF or JPG.

### Banner 3: Large Rectangle Ad

**Creative Size:** 300x250  
**Creative Type:** Large Rectangle**  
**Placement:** Journal pages  
Bottom center of the page, displays on HOMEPAGE only (content pages = abstract and full text articles*)  
* Generic list of non-content pages available upon request though will vary by journal  
**Size:** 40K max  
**Rotation:** Accepted  
**Animated GIF:** Max 3 loops of animation – up to 15 seconds per loop  
**Required Resolution:** 72 dpi  
**Acceptable File Format:** GIF, JPEG, SWF [rich media (e.g., Flash)]  
**Color Palette:** 216 (for GIF files)  
**Rich Media:** Yes  
**Target URL:** Required  
NOTE: Rich media ads (FLA/SWF) must be accompanied by a backup GIF or JPG.  
**Please note the large rectangle ad may require publisher approval before the tags can be implemented on the journal site.**

**ADDITIONAL NOTES:**  
- Flash Versions accepted: 6 and higher, with click tag  
- Flash SWF files should not be hardcoded with the clickthrough url.  
- No point roll  
We do not manipulate or modify supplied tags: Client is responsible to provide fully functioning tags. We do not pad creatives with white space to ensure they meet ad size specifications.
